SUBJECT: *2018 COMPREHENSIVE ANNUAL FINANCIAL REPORT*

The Comprehensive Annual Financial Report (CAFR) of Carver County is submitted for the fiscal year ended December 31, 2018. The County's Financial Services Department prepared this report in conformity with generally accepted accounting principles (GAAP). Responsibility for both the accuracy and completeness of the presented data and the fairness of the presentation, including all disclosures, rests with the County. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and sets forth the financial position and results of operations and cash flows of the County, as measured by the financial activity of its various funds, and all disclosures necessary to enable maximum understanding of the County's financial affairs.

Generally accepted accounting principles (GAAP) require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it.

### **Profile of the Government**

Carver County was organized in 1855 as a County in the State of Minnesota. It has an area of 357 square miles including 11 cities and 10 townships. The 2018 population estimate according to the United States Census Bureau was 103,551. It is one of seven counties comprising the Twin Cities metropolitan area. The County seat, Chaska, is located on the Minnesota River 26 miles southwest of the state capital, Saint Paul.

Carver County operates under an elected five-member County Board, each member representing a district of the County. The County Board is responsible, among other things, for passing ordinances, adopting the budget, and hiring the County's Administrator. The County Administrator is responsible for carrying out the policies and ordinances of the County Board, for overseeing day-to-day operations of the government, and for appointing the heads of the divisions and departments. The County Board is elected on a non-partisan basis. County Board members serve four-year staggered terms.

The County provides a full range of services including: public safety and law enforcement; courts and probation services; tax assessment and collection; vital statistics and public records; health and human services; highways, parks, public works and planning; environmental management; and recreation and cultural services.

Various potential component units were evaluated to determine whether they should be reported in the County's financial report. A component unit was considered to be part of the County's reporting entity when it was concluded that the County was financially accountable for the entity or the nature and significance of the relationship between

the County and the entity was such that exclusion would cause the County's basic financial statements to be misleading or incomplete. Carver County has two blended component units: the Carver County Regional Rail Authority (Rail Authority) and the Carver County Water Management Organization (WMO). Both the Rail Authority and WMO were created pursuant to Minnesota Statutes. The Carver County Board of Commissioners comprises the Rail Authority's and WMO's five-member board. The Carver County Community Development Agency (CDA) is a discretely presented component unit. The CDA was established in 1980 pursuant to special Minnesota legislation. Its five-member board is also appointed by the Carver County Board of Commissioners and is comprised of residents from the five districts in the County.

### **Local Economy**

The information presented in financial statements is perhaps best understood when considered from the broader perspective of the specific environment within which the County operates. Carver County is one of the fastest growing counties in Minnesota during the last decade, and it is expected to keep growing. Forecasts project the County will experience one of the highest population growth rates in the Twin Cities Metro Region into 2040 when its population is expected to exceed 161,000. This forecast can be found online at <https://metro council.org/> where the report can be downloaded. By 2040, Chanhassen and Chaska will be "built out," meaning there will be very little developable land left. Development will move further west, and the cities of Carver, Victoria and Waconia are expected to grow and look similar to the way Chaska and Chanhassen are today. Several factors are contributing to the County's growth: Land availability – cities to the east, such as Eden Prairie and Bloomington in Hennepin County, are running out of developable land pushing growth to Carver County where land is available for development. Landscape – Carver County's abundant lakes, wetlands, woods and open space are attractive features. Transportation – metro access has improved with Highway 212 and other road construction projects. Quality of life – Carver County is generally characterized as having a high quality of life, with "small town feel" and "rural setting" often cited.

The significant growth will increase the need for public investment in infrastructure. Many of these investments will need to occur prior to or along with residential or business development by the private sector. Other impacts include those investments made to the schools, parks, library system, law enforcement, court system and more. We will need more officers, judges, maintenance workers, social workers, County staff, and equipment to keep up with the demand for services.

The population of County seniors ages 65 and older will be the fastest growing age group between 2012 and 2040. In 2040, persons age 65 and older are forecasted to constitute about 18 percent of the total County population; up from 10 percent in 2017. The aging of the population will impact the level and type of services that will need to be provided by the County in the future.

In 2017, based on Bureau of Economic Analysis, Carver County was ranked second in the State for per capita personal income of \$67,680 (2018 data was not available). This was 125 percent of the State average and 131 percent of the national average. Nationwide, Carver County ranks 80th for per capita personal income.

Throughout the downturn in the economy, Carver County has since 2009 maintained a credit rating of AAA from Standard and Poor's (S&P) Rating Services, which is the best possible rating. The rating reflects the County's consistently strong finances, good financial management, solid income and market value per capita, and location.

### **Long-Term Financial Planning**

The County annually updates the Long-Term Financial Plan prepared by the Financial Services Division with inputs from all County divisions. This plan along with the 2019 Annual Budget fulfills the County Board's direction to "connect financial strategies to the County's short-term and long-term strategic goals and objectives." The County has identified approximately \$308.5 million in capital projects and equipment that range from currently underway or essential to operations to those that are desirable but in need of further study. Road and Bridge projects totaling \$292.4 million make up the largest portion of these projects followed by Parks and Trails projects totaling \$6.5 million.

The most significant cost driver for future operating budgets is the staffing costs needed to address the increasing service demands from a growing county. Specific financial strategies to address these challenges are included in the Long-Term Financial Plan. The Long-Term Financial Plan for 2020 and Beyond is available for viewing from the Financial Services Department or on our website at <https://www.co.carver.mn.us/>

Planning & Water Management, with the help of the CDA, elected officials, community groups, and citizens, developed a County Comprehensive Plan through the year 2030. The plan, which was approved in 2010, addresses the broad range of issues facing Carver County residents over the next 20 plus years. The elements of the plan consist of land use including economic development, historic preservation, and housing; transportation including roadways and transit; water resources; and parks, open space, and trails. Amendments to the 2030 Comprehensive Plan were adopted in July 2014 and January 2015. An updated 2030 Comprehensive Plan can be viewed on the Carver County website at <https://www.co.carver.mn.us/>. The County has prepared a Draft 2040 County Comprehensive plan informed by community and stakeholder engagement, including extensive feedback from affected jurisdictions. The final draft is currently with the Metropolitan Council for review. Once approved by the Metropolitan Council, County staff will bring the draft before the County Board of Commissioners to be adopted. The final version of the plan is expected to be adopted in the fall of 2019.

### Major Initiatives

**Lake Waconia Regional Park Development** – Carver County was awarded \$1.5 million in grant funding during the 2018 legislative session. The grant is to be used for predesign, design, and engineering for the development of Lake Waconia Regional Park. \$1.5 million in local matching funds are required in order for the State to release the grant funds for the project. Phase I work would consist of construction of sewer and water utilities, site grading, parking areas, and road improvements.

**Land Management Floodplain Insurance** – The Carver County Land Management Department has completed its 12 year effort to update the floodplain regulations and maps, maintaining the County's standing in the National Flood Insurance Program. The County's participation in this program allows landowners to continue obtaining critical flood insurance.

**Master Space Plan** – Carver County has completed its 30-year Master Space Plan. The plan describes how the County facilities will develop by addressing immediate needs over the next five years while planning for the long term evolution of services and facilities over the next 20 years for a rapidly growing County population.

**Innovation** – Since 2012, Carver County has made an organizational commitment to Innovation. We are focused on using the LEAN Kaizen process to achieve continuous improvements in processes, and we employ other methods to eliminate waste, achieve efficiencies, save money, and improve performance across the entire County. We held several events this year, and we will continue to hold Innovation events through 2019. Our Innovation Leadership Team advises the Innovation Program, which has the strong support of the Board and staff leadership.

### Budgetary Controls

The annual budget serves as the foundation for Carver County Government financial planning and control. The County budgets are presented at a more detailed level than is required by law in Minnesota or for federal programs. The budgets are developed by divisions and departments on a line-item basis to cover clients' needs, keeping in mind general guidelines set by the County's Board of Commissioners. The divisions and departments submit their budget requests to the County Administrator, who must balance the competing needs against available resources. The County Board makes final adjustments to the budgets, which are then adopted and available for use on January 1<sup>st</sup> of the year. Budgetary control has traditionally been maintained at the department level.

Division and department managers are held responsible for their budget performance. Compliance with budgets is essential for the County to maintain its sound financial condition.

## Relevant Financial Policies

The County has adopted a comprehensive set of financial policies; this includes but is not limited to the following:

**The Budget and Long-Term Financial Plan Policy** provides a general set of guiding principles for developing the annual budget and the long-term financial plan, along with an overview of the process and schedule.

**The Fund Balance Policy** ensures that the County maintains adequate fund balances and reserves in order to provide a stable financial environment for the County's operations.

## Independent Audit

Minnesota State Law requires an audit to be made of the books of account, financial records and transactions of the County. CliftonLarsonAllen, LLP, has issued an unmodified ("clean") opinion on the County's financial statements for the year ended December 31, 2018. The independent auditor's report is located at the front of the financial section of this report. CliftonLarsonAllen, LLP, will issue a management and compliance letter covering the review, made as a part of the audit of the County's system of internal control and compliance with applicable legal provisions. The management and compliance letter will not modify or affect, in any way, this report on the financial statements.

## Single Audit

As a recipient of federal, state and local financial assistance, the County is responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws and regulations related to those programs. These internal controls are subject to periodic evaluation by management and the internal staff of the County.

Office of Management and Budget (OMB) Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) sets forth the audit requirements for state and local governments receiving federal assistance. It provides for a single independent audit of the financial operations, including the compliance with certain provisions of federal laws and regulations. The requirements have been established to ensure that audits are made on an organizational wide basis rather than a grant-by-grant basis. The grants for which these requirements applied are identified in Schedule of Expenditures of Federal Awards (SEFA).

As a part of the government's single audit, tests are made to determine the adequacy of the internal controls, including that portion related to federal financial assistance programs, as well as to determine that the County has complied with applicable laws and regulations.

## Internal Controls

In developing and evaluating the County's accounting system, consideration is given to the adequacy of the County's internal controls. Internal controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. We believe the County's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions. The County's internal controls are supported by policies and procedures and are continually reviewed, evaluated, and modified to meet current needs. In 2019, the County Financial Services staff plans to again internally test the controls that are in place.

## Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Carver County for its Comprehensive Annual Financial Report for the fiscal year ended December 31, 2017. This was the 22<sup>nd</sup> consecutive year that the County has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to meet the Certificate of Achievement program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The timely preparation of this report could not have been accomplished without the professional and dedicated hard work of the entire staff of the Financial Services Division. Also, cooperation was essential from many other divisions. We wish to express our appreciation to all members of the staff who assisted and contributed to the report's preparation. We also wish to thank the members of the County Board for their interest and support this past year in planning and conducting the financial operations of the County in a responsible and progressive manner.

Respectfully submitted,

## INDEPENDENT AUDITORS' REPORT

Board of County Commissioners  
Carver County  
Chaska, Minnesota

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the remaining fund information of Carver County, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise Carver County's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Carver County Community Development Agency, which represents 100% of the assets, net position, and revenues of the discretely presented component unit. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Carver County Community Development Agency discretely presented component unit, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, based upon our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Carver County as of December 31, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedules, schedule of changes in the net OPEB liability and related ratios, schedule of County contributions, schedule of investment returns, schedule of proportionate share of net pension liability – PERA General Employees Retirement plan, Public Employees Police and Fire Plan and Public Employees Correctional plan, and schedule of pension contributions – PERA General Employees Retirement plan, Public Employees Police and Fire Plan and Public Employees Correctional plan, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Carver County's basic financial statements. The supplementary information on pages 84 through 98 and pages 102 through 104, the introductory section on pages 1 through 8, and the statistical section on pages 105 through 127, as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards on pages 99 through 101 is presented for purposes of additional analysis as required by U.S. Office of Management and Budget and Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and is also not a required part of the basic financial statements.

**Other Matters (Continued)**

*Other Information (Continued)*

The supplementary information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated July 17, 2019, on our consideration of Carver County’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

**Management's Discussion and Analysis  
DECEMBER 31, 2018  
(Unaudited)**

---

The Financial Management of Carver County offers the readers of Carver County's financial statements this narrative overview and analysis of the financial activities of Carver County for the fiscal year ended December 31, 2018. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal and the notes to the financial statements.

**Financial Highlights**

- The assets and deferred outflows of resources of Carver County exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$314,369,905 (net position). Of this amount, \$19,487,554 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net position increased by \$20,188,520 for the year ended December 31, 2018.
- As of the close of the current fiscal year, Carver County governmental funds reported combined ending fund balances of \$70,668,480. Approximately, 79 percent of this amount, \$55,753,758, is available for spending at the government's discretion (assigned and unassigned fund balance is the discretionary fund balance).
- At the end of the current fiscal year, assigned and unassigned fund balance for the General Fund was \$22,282,371, or 40 percent of the total General Fund expenditures and transfers out.
- Carver County's total long-term debt decreased by \$6,138,227 (17 percent) during the current fiscal year. The key factor was the debt service payments which reduced the outstanding debt, and the payoff of the 2008B bonds.
- The County sold the former Public Works Chaska Facility for \$447,736 in 2018.
- The County established an OPEB irrevocable trust in 2018, the investments previously held in a revocable trust and reported in the Other Post Employment Benefits Internal Service Fund were transferred to the Other Postemployment Benefits Trust Fund.

**Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to Carver County's basic financial statements. Carver County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of Carver County's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of Carver County's assets, liabilities, and deferred outflows and inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Carver County is improving or deteriorating. Consideration of other nonfinancial factors need to be included in the analysis as well, such as, changes in the County's property tax base and the condition of the County's infrastructure, to assess the overall health of the County.

The statement of activities presents information showing how Carver County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of Carver County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges. The governmental activities of Carver County include general government, public safety, highways and streets, human services, health, culture and recreation, and conservation of natural resources.

The government-wide financial statements include not only Carver County itself (known as the primary government), but also a legally separate Carver County Community Development Agency for which Carver County is financially accountable. Financial information for the component unit is reported separately from the financial information presented for the primary government itself. The complete financial statements of the CDA can be obtained by writing to the Carver County Community Development Agency, 705 Walnut Street, Chaska, Minnesota 55318.

The government-wide financial statements can be found on pages 20-22 of this report.

**Fund Financial Statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Carver County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related requirements. All of the funds of Carver County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Carver County maintains ten individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Road and Bridge Fund, Health and Human Services Fund, Debt Service Fund, Buildings Capital Improvement Fund, Road & Bridge Capital Improvement Fund, and Parks & Trails Capital Improvement Fund, all of which are considered major funds. The Rail Authority Fund, Water Management Organization Fund, and Ditch Fund are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Carver County adopts an annual appropriated budget for its seven major governmental funds and its three nonmajor funds. A budgetary comparison statement has been provided for these funds to demonstrate compliance with their budgets.

The basic fund financial statements can be found on pages 23-31 of this report.

*General Fund.* The General Fund is used to account for all financial resources not accounted for in another fund.

*Special Revenue Funds.* Special Revenue governmental funds account for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes. The Special Revenue Funds include:

- Road and Bridge
- Health and Human Services
- Rail Authority
- Water Management Organization
- Ditch

*Debt Service Fund.* The Debt Service Fund accounts for the payment of principal, interest and fiscal charges on long-term obligations of Carver County.

*Capital Projects Funds.* The Capital Projects Funds track major construction projects. The Capital Projects Funds include:

- Buildings Capital Improvement Fund (CIP)
- Road & Bridge Capital Improvement Fund (CIP)
- Parks & Trails Capital Improvement Fund (CIP)

**Proprietary funds.** Carver County uses only one type of proprietary fund. These internal service funds are an accounting device used to accumulate and allocate costs internally among Carver County's various functions. Carver County has three internal service funds: Self Insurance Fund, Compensated Absences Fund, and the Other Post Employment Benefits Fund. The Self Insurance Fund allocates costs of risk management to the various county departments. The Compensated Absences Fund accounts for the change in the vacation, sick and retiree insurance balances. This fund has no net position because the cash balance is offset by its liability. The Other Post Employment Benefits (OPEB) Fund allocates costs for the yearly contribution made to the revocable trust account, that the County maintains with the State Board of Investment, to the various county departments. This fund also reports the Net OPEB Obligation; the County plans to continue the yearly contribution to the revocable trust account to offset this liability. In 2018, the OPEB Internal Service Fund was closed out when the County moved to an Irrevocable Trust.

**Management's Discussion and Analysis  
DECEMBER 31, 2018  
(Unaudited)**

**Fiduciary Funds.** Fiduciary funds account for resources held for the benefit of parties outside the government. Carver County reports two fiduciary funds. The Other Postemployment Benefits Trust Fund is used to report contributions to an irrevocable trust fund and other post employment benefits (OPEB) activity. The Agency funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because resources of those funds are not available to support Carver County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on page 30 of this report.

**Notes to the Financial Statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 32-67 of this report.

**Other Information.** In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information. The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the budgetary comparisons of the Capital Projects Funds in the supplementary section. Combining and individual fund statements and schedules can be found on pages 68-104 of this report.

**Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Carver County, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$314,369,905 at the close of the most recent fiscal year.

Net Investment in Capital Assets, \$263,692,672 (e.g., land, buildings, machinery and equipment, infrastructure, improvements - other than buildings, and construction in progress, less any related debt used to acquire assets that is still outstanding) represents 84 percent of total net position. Carver County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Carver County's investments in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Approximately 10 percent of Carver County's net position or \$31,189,679 represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$19,487,554 or approximately 6 percent is unrestricted and may be used to meet the government's ongoing obligations to citizens and creditors.

Carver County's net position increased by \$20,188,520 during the current fiscal year.

This increase is the combination of many surpluses and deficits but the primary changes include:

- An increase in capital assets that were largely or partially funded by non-County dollars, such as, road and bridge projects that completed or in construction in progress at the end of 2018.
- Beginning October of 2017, a 0.5% transit sales and use tax and a \$20 vehicle excise tax was implemented generating \$7,259,540 in 2018 to be used on transportation projects throughout the County.

**Financial Analysis of the Government's Funds**

As noted earlier, Carver County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds.** The focus of Carver County governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing Carver County's financing requirements. In particular, unrestricted fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

---

As of the end of the current fiscal year, Carver County's governmental funds reported combined ending fund balances of \$70,668,480, a decrease of \$592,586 in comparison with the prior year. Most of the total amount, \$55,753,758 constitutes assigned or unassigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance is not available for new spending because it has been restricted for specific purposes or is nonspendable.

The General Fund is the chief operating fund of Carver County. At the end of the current fiscal year assigned and unassigned fund balance of the General Fund was \$22,282,371, while total fund balance reached \$24,627,729. As a measure of the General Fund's liquidity, it may be useful to compare assigned and unassigned fund balance and the total fund balance to total fund expenditures and transfers out. Assigned and unassigned fund balance represents 40 percent of total General Fund expenditures and transfers out, while total fund balance represents approximately 44 percent of that same amount. The fund balance of Carver County's General Fund increased by \$640,221 during the current fiscal year. This is largely attributed to projects that were funded in 2018, but not completed prior to year end. Therefore, fund balance has been assigned to those incomplete projects.

The Road and Bridge Fund had a total fund balance of \$4,382,191 at the end of the current fiscal year. The fund balance of the Road and Bridge Fund increased by \$547,827 during the current year primarily due to the transfer of CSAH and Transit sales tax.

The Health and Human Services Fund had a total fund balance of \$10,967,526 at the end of the current fiscal year. The fund balance of the Health and Human Services Fund increased by \$208,774 during the current fiscal year. This change is primarily due to unspent grant funds for projects and services that were not completed within 2018.

The Ditch Fund had a positive fund balance of \$31,933 at the end of the current fiscal year. The fund balance of the Ditch Fund increased by \$56,995 during the fiscal year, due to special assessments received during the year.

The Rail Authority Fund had a fund balance of \$152,178 at the end of the current fiscal year. The fund balance of the Rail Authority Fund increased by \$63,406 during the current fiscal year due to no project transfers made during the year.

The Water Management Organization Fund had a fund balance of \$277,796 at the end of the current fiscal year. The fund balance of the Water Management Organization Fund decreased by \$6,572 during the current fiscal year due to more project expenses during the year.

The Debt Service Fund had a total fund balance of \$10,771,390 at the end of the current fiscal year which is available for payment of debt service. The fund balance of the Debt Service Fund decreased by \$1,939,197 during the current fiscal year. This is largely due to the execution of the 2008B refunding that happened in February of 2018, which retired the 2008B GO bonds.

The Buildings Capital Improvement Fund had a total fund balance of \$2,525,909 at the end of the current fiscal year. This fund balance is assigned for capital projects, the Public Works (PW) Northwest Satellite Facility Site Improvements, and the Year-End Savings (YES) account. The fund balance of the Buildings Capital Improvement Fund decreased by \$553,703 during the current fiscal year. This decrease is largely due to capital outlay to complete building projects during 2018.

The Road and Bridge Capital Improvement Fund had a total fund balance of \$12,873,450 at the end of the current fiscal year. The fund balance is assigned to: capital projects, TH212 turnback, transportation tax projects, and the YES account. The fund balance of the Road and Bridge Capital Improvement Fund decreased by \$505,792 during the fiscal year. The key factors for the decrease is the spend-down of the 2014A bond funds and the completion of some large infrastructure projects.

The Parks & Trails Capital Improvement Fund had a total fund balance of \$4,058,378 at the end of the current fiscal year. These funds are restricted to Coney Island improvements and assigned for: park land acquisition, capital projects, and the YES account. The fund balance for the Parks and Trails Capital Improvement Fund increased by \$895,455 during the fiscal year. This change is primarily due to the transfer of \$1.125 million of Waconia Regional Park matching funds.

**General Fund Budgetary Highlights**

The difference between the original budget expenditures and other financing uses and the final amended budget expenditures and other financing uses was an increase of \$4,943,176 during the fiscal year. The difference between the original budget revenues and other financing sources and the final amended budget revenues and other financing sources was an increase of \$4,364,422. The significant budget changes during the current fiscal year were:

**CARVER COUNTY  
CHASKA, MN**

**Management's Discussion and Analysis  
DECEMBER 31, 2018  
(Unaudited)**

- Increasing intergovernmental revenue by \$428,554, mainly for additional grants that were awarded in 2018 and were not a part of the 2018 adopted budget.
- Increasing charges for services by \$585,749, largely due to increased police contract revenue that wasn't included in the 2018 adopted budget.
- Increasing transfers in by \$2,886,785, largely due to the allocation of the State Turnback reimbursement, for projects and purchases approved by the Board; as well as, the vacancy savings allocation.
- Decreasing transfers out by \$599,480, is primarily due to a lack of year end savings distributions.

The final amended budget expenditures and transfers out exceeded actual expenditures and other financing uses by \$1,096,251 during fiscal year. The actual revenues and other financing sources were greater than the final amended budget revenues and other financing sources by \$122,724. Significant variances during the current fiscal year included the following:

- Actual Information Technology, Human Resources, and Attorney expenditures were \$188,023, \$99,280, and \$73,362, respectively, less than final budgeted expenditures as a result of vacancy savings and tighter restrictions on discretionary spending.
- Actual court administration expenditures were \$64,001 over the final budgeted expenditures as a result of increased number and duration of both Civil Commitments and CHIPS cases during the year.
- Commissioner's contingency of \$112,930 was not used during the year.
- Investment Income was higher than the budgeted amount by \$193,069. This is largely due to Klein Bank agreeing to pay interest on the daily checking account balance at a rate equal to the Magic fund. Also, when the budget was created it was assumed that interest rates would not rise in 2018.
- License and permit revenue was lower than the budgeted amount by \$164,623 primarily due to issues stemming from implementation of the new MNLARS system.
- Intergovernmental revenue was higher than the final budget by \$428,378, largely resulting from an agricultural preserve and market value credit not budgeted for but were received. Police aid and payments in lieu of taxes also came in higher than budgeted.

**Capital Asset and Debt Administration**

**Capital Assets.** Carver County's investment in capital assets for its governmental activities as of December 31, 2018, is \$296,444,231 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings, improvements other than buildings, machinery and equipment, and infrastructure. The total increase in Carver County's investment in capital assets for the current year was approximately 4.0 percent. The increase in capital assets was mainly due to an increase of \$11,002,127 in construction in progress.

Major capital asset events during the current fiscal year included the following:

- Completion of 2 road and bridge projects, \$6,525,228.
- Continued road construction during 2018, an increase in construction in progress of \$17,232,975, note this was offset by the completion of road and bridge projects completed during 2018.
- Depreciation expense for the year of \$8,382,148.

**Long-term Debt.** At the end of the current fiscal year, Carver County had total bonded debt outstanding of \$29,711,260. This is a decrease of \$6,202,203 from the start of the year. Current and future County tax levies are used to finance all bonded debt.

Carver County's total debt decreased by \$6,138,227 during the current fiscal year; resulting from the payoff of the 2008B bonds, and other debt retirements. The decrease was offset by additional loans added through the Agricultural Best Management Loan Program, these loans will be paid from special assessments.

**Carver County's Outstanding Debt**

	<b>Governmental Activities</b>	
	<b>2018</b>	<b>2017</b>
General obligation bonds	\$ 17,107,260	\$ 22,325,218
General obligation notes payable	12,604,000	13,588,245
Loans	754,790	690,814
<b>Total</b>	<b>\$ 30,466,050</b>	<b>\$ 36,604,277</b>

Carver County's bond credit rating increased from a rating of Aa2 in 2009 to an AAA rating because of the future economic outlook and sound fiscal management. The AAA bond credit rating was maintained through 2018 and into 2019.

State statutes limit the amount of general obligation debt a county can incur to no more than 3% of the assessed value of taxable property in the county. The current debt limitation for Carver County is \$405,912,936, which is significantly in excess of Carver County's outstanding general obligation debt.

Additional information on Carver County's long-term debt can be found in Note 3.F on pages 46-48 of this report.

**Economic Factors and Next Year's Budgets and Rates**

- The 2018 average unemployment rate for Carver County was 2.5%, which is a decrease from a rate of 3.1% a year ago. This compares favorably to the State's average unemployment rate of 3.2% and the national average of 3.7%.
- County General Fund expenditures for 2019 are budgeted to increase 4.10% from 2018.
- For 2019, one of the more significant challenges includes addressing unfortunate societal impacts such as higher service levels and expenses for child protection and foster care. On a more positive note, main economic benchmarks, including property market values and new construction, showed improved growth over 2018. The 2019 budget utilizes revenues obtained by this growth ultimately resulting in a 3.8% County tax impact on the average-valued residential property.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED DECEMBER 31, 2018**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$	(377,601)
Change in net position from the Internal Service Funds		746,520

Capital Outlays are reported as expenditures in governmental funds. However in the statement of activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current period.

Capital Outlay	\$	19,843,779	
Depreciation Expense		<u>(8,382,148)</u>	
		<u>\$ 11,461,631</u>	11,461,631

Various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and retirements) decrease net position.

Disposals	\$	(34,091)	(34,091)
-----------	----	----------	----------

The issuance of long term debt (e.g., bonds, loans payable) provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of the governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The amounts below are the effects of these differences in the treatment of long-term debt and related items.

Proceeds from Loan	\$	(216,842)	
Principal Repayments		6,137,111	
Net Adjustment to Interest Payable		104,166	
Amortization of Bond Discount		(912)	
Amortization of Bond Premium		<u>218,870</u>

CARVER COUNTY  
CHASKA, MINNESOTA  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2018

**Note 1 - Summary of Significant Accounting Policies**

The financial reporting policies of the County conform to generally accepted accounting principles.

**A. Financial Reporting Entity**

Carver County was established March 3, 1855, and is an organized county having the powers, duties and privileges granted counties by Minn. Stat. ch. 373. The County is governed by a five-member board of commissioners elected from districts within the County. The Board is organized with a chair and vice-chair elected at the annual meeting in January of each year. The County Administrator, appointed by the Board, serves as the clerk of the Board of Commissioners but has no vote.

**Individual Component Unit Disclosures**

***Blended Component Units***

The Carver County Regional Rail Authority (CCRRA) is governed by a five-member board consisting of the County Commissioners with the power to levy taxes, issue bonds, and enter into contracts. The Authority was established for the preservation and improvement of local rail service. The Authority may purchase abandoned railroad lines within the County to preserve them for the long-range plans that may include light rail transportation or to improve the trail system. The CCRRA is included in the Carver County reporting entity as a Nonmajor Special Revenue Fund. Carver County has the ability to impose its will on the CCRRA. The CCRRA is presented as blended because the operational responsibility rests with the management of Carver County. Separate financial statements are not available.

The Carver County Water Management Organization (CCWMO) is governed by a five-member board consisting of the County Commissioners with the power to levy taxes and enter into contracts. The CCWMO was established to carry out the Water Management Plan in the County's watersheds. The CCWMO is included in the Carver County reporting entity as a Nonmajor Special Revenue Fund. Carver County has the ability to impose its will on the CCWMO. The CCWMO is presented as blended because the operational responsibility rests with the management of Carver County. Separate financial statements are not available.

***Discretely Presented Component Unit***

Carver County has determined that the Carver County Community Development Agency (CDA) meets the criteria to be presented as a component unit of Carver County. The CDA is included in the County's reporting entity because (1) the Board appoints a voting majority of the component unit's governing body and (2) the potential for the organization to impose specific financial burdens on the County. It is reported in a separate column or row in the County's government-wide statements emphasizing that the CDA is legally separate from Carver County. The CDA operates as a local government unit for the purpose of providing housing and redevelopment services and economic development assistance to Carver County. Note 5 is the beginning of the Community Development Agency notes which are presented immediately following the primary government notes to the financial statements. The complete financial statements of the CDA can be obtained by writing to the Carver County Community Development Agency, 705 Walnut Street, Chaska, Minnesota 55318.

**B. Government-wide and fund financial statements**

The government-wide statements of net position and the statement of activities display information about the primary government (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities, with the exception of interfund services provided and used, which are not eliminated in the process of consolidation. These statements distinguish between the governmental and business-type activities of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The statement of activities presents a comparison between direct expenses and program revenues for the different activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

The fund financial statements provide information about the County's funds, including its proprietary funds. Separate statements for each fund category—governmental, proprietary, and fiduciary—are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Operating expenses, such as risk management and self insurance expenses, results from a direct payment made during the current fiscal year for worker's compensation claims and health insurance deductible payments.

CARVER COUNTY  
CHASKA, MINNESOTA  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2018

**C. Measurement Focus, Basis of Accounting**

The government-wide, proprietary fund, and fiduciary fund financial statements are presented on a consolidated basis and reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Property taxes, sales taxes, franchise taxes, licenses, and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

The County reports the following major governmental funds:

General Fund

The General Fund is the general operating fund of the County. It is used to account for all financial resources except those accounted for in another fund.

Road & Bridge Special Revenue Fund

The Road & Bridge Fund accounts for the maintenance and construction costs of streets and highways. Financing comes primarily from committed annual property tax levy, restricted and assigned intergovernmental revenue from local, state and federal governments, as well as assigned fees for services and other miscellaneous revenue.

Health & Human Services Special Revenue Fund

The Health & Human Services Fund accounts for all health and human services costs. Financing comes primarily from committed annual property tax levy, restricted and assigned intergovernmental revenue from the state and federal governments, as well as assigned fees for services and other miscellaneous revenue.

Debt Service Fund

The Debt Service Fund accounts for the resources accumulated and payments made for the principal and interest on long-term debt of the government.

Buildings Capital Improvement (CIP) Capital Projects Fund

The Buildings Capital Improvement Fund accounts for, and reports, financial resources that are restricted, committed or assigned to the acquisition or construction of major capital facilities or improvements.

Road & Bridge Capital Improvement (CIP) Capital Projects Fund

The Road & Bridge Capital Improvement Fund accounts for, and reports, financial resources that are restricted, committed or assigned to the acquisition or construction of road and bridge improvements.

Parks & Trails Capital Improvement (CIP) Capital Projects Fund

The Parks & Trails Capital Improvement Fund accounts for, and reports, financial resources that are restricted, committed or assigned to the acquisition or construction of parks and trails or improvements to existing parks and trails.

Additionally, the County reports the following fund types:

Internal Service Funds

Internal service funds account for general liability and malpractice, worker's compensation insurance coverages provided to other departments on a cost-reimbursement basis, employee compensated absences, retiree benefits, and other post employment benefits.

Trust Fund

The Other Postemployment Benefits Trust Fund accounts for an irrevocable trust established for funding other postemployment benefits for eligible retired employees under a single employer defined benefit plan.

Agency Funds

Agency funds are used to account for assets held by the County as a trustee or agent for individuals, private organizations, other governments, or other funds. The Agency funds account for monies held on behalf of school districts, special districts, and retirement boards that use the County as a depository; property taxes collected on behalf of other governments; and surety bonds and performance deposits. Agency funds are custodial in nature, and do not present results of operations or have a measurement focus.

CARVER COUNTY  
CHASKA, MINNESOTA  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2018

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted resources available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

**D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity**

***1. Deposits and Investments***

The cash balances of substantially all funds are pooled and invested by the County for the purpose of increasing earnings through investment activities. Pooled and fund investments are reported at their fair value. A market approach is used to value all investments other than external investment pools, which are measured at the net asset value. Pursuant to Minn. Stat. Section 385.07, investment earnings on cash and pooled investments are credited to the General Fund. Other funds received investment earnings based on other state statutes, grant agreements, contracts, and bond covenants. In 2018 the County recorded a "net increase in fair value of investments" of \$67,607 as part of investment income. Interest earnings from cash and pooled investments for 2018 were \$1,842,342. Total investment earnings for 2018 were \$1,774,735. Pooled investment earnings for 2018 in the General Fund were \$1,773,201.

Carver County invests in an external investment pool, the Minnesota Association of Governments Investing for Counties (MAGIC) Fund, which is created under a joint powers agreement pursuant to Minn. Stat. § 471.59. The investment in the pool is measured at the net asset value per share provided by the pool.

Additionally, the County invests funds held for post-employment benefits with the State Board of Investments. The fair value of the investment is the fair value per share of the underlying portfolio.

***2. Cash and Cash Equivalents***

The County considers cash and cash equivalents in proprietary funds to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. In addition, because the Treasury Pool is sufficiently liquid to permit withdrawal of cash at any time without prior notice or penalty, equity in the pool is also deemed to be a cash equivalent.

Investments with trust accounts are stated at fair value. Investment earnings on investments in trust accounts are credited to the funds in which they are held.

***3. Receivables and Payables***

The County is responsible for the assessment, collection, and apportionment of property taxes for all jurisdictions including the schools and special districts within the County. Property taxes are levied January 1st on property values assessed as of the prior year. The tax levy is divided into two billings: first half is due May 15th and second half is due October 15th. No allowance for uncollectible taxes and special assessments have been provided because such amounts are not expected to be material. Taxes, which remain unpaid by property owners at December 31st, are considered delinquent. Special assessments receivable consist of delinquent special assessments and noncurrent special assessments.

***4. Inventories and Prepaid Items***

Inventories are valued at cost using the first-in/first-out (FIFO) method. Inventory cost in the Road & Bridge Fund is recorded as an expenditure/expense at the time the individual items are used rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

***5. Capital Assets***

Capital assets, which include property, buildings, equipment, and infrastructure (e.g., roads, bridges, culverts and similar items), are reported in the governmental activities column in the government-wide financial statements. The government defines capital assets as assets with an initial, individual cost equal to, or greater than, \$5,000 to more than \$50,000 depending on the asset type and category, and an estimated life equal to or greater than two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition price at the date of acquisition.

The costs of normal maintenance and repairs that do not add to the value of the asset or extend the useful life of the asset are not capitalized.

Property, building, and equipment of the primary government, as well as the blended component units, are depreciated using the straight-line method.

CARVER COUNTY  
CHASKA, MINNESOTA  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2018

For the County, the estimated useful lives are:

<u>Assets</u>	<u>Years</u>
Buildings & Building Improvements	10-50
Improvements other than buildings	10-20
Infrastructure	30-75
Machinery & equipment	2-25

**6. Deferred outflows/inflows of resources**

In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then.

The County only has one item that qualifies for reporting in this category. Accordingly, the item, deferred pension resources, is reported only in the statement of net position. This item results from pension plan contributions paid subsequent to the measurement date, change in actuarial assumptions, pension plan changes in proportionate share, differences between expected and actual pension plan economic experiences and also the differences between projected and actual earnings on pension plan investments.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time.

The County has three types of items. The first, unavailable revenue, arises only under a modified accrual basis of accounting, and is reported only in the governmental funds balance sheet. This amount is deferred and recognized as an inflow of resources in the period that the amounts become available. Another item, property taxes collected for subsequent periods, that qualifies for reporting in this category. This item is reported in both the governmental funds balance sheet, as well as, the statement of net position. This amount results from the pre-payment of property taxes for subsequent levy years. The County also has deferred inflows related to pension obligations. The difference between expected and actual economic experience are recognized over a four or six year period, depending on retirement plan. The other deferred pension inflows, are deferred and the length of the expense recognition period is equal to the average of the expected remaining service lives of all employees that are provided with pension through the pension plan, determined at the beginning of the measurement period.

**7. Compensated Absences**

The liability for compensated absences reported in the government-wide and proprietary fund statements consists of unpaid, accumulated annual vacation and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included. The current portion of this liability is based on an estimate of the cost of severances during the upcoming year. A liability for these amounts is reported in governmental funds only if they have matured, as a result of employee resignations and retirements.

Under the County's personnel policies and union contracts, County employees are granted vacation or paid time off (PTO) in varying amounts based on their length of service. Certain County employees are also granted compensatory time. Vacation accruals for full-time employees varies from 10-25 days per year based on years of service. Sick leave accrual is 12 days per year. Paid time off (PTO) accruals vary from 20-35 days per year.

**8. Postemployment Benefits Other Than Pensions (OPEB)**

For the purpose of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of Carver County OPEB benefits and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by Carver County. For this purpose, Carver County recognized benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

**9. Pension Plan**

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA except that PERA's fiscal year end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Plan investments are reported at fair value. The net pension liability is liquidated primarily by the General Fund, Road & Bridge Special Revenue Fund, and the Health and Human Services Special Revenue Fund.

CARVER COUNTY  
CHASKA, MINNESOTA  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2018

**10. Long-term obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, or proprietary fund type statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the straight-line interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as an expense in the period incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**11. Net Position**

Net position in the government-wide and proprietary fund financial statements is displayed in three components:

Net investment in capital assets - consists of capital assets, net of accumulated depreciation, reduced by outstanding debt attributed to the acquisition, construction, or improvement of the assets.

Restricted - consists of restricted assets for which external restrictions have been imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted - the net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that do not meet the definition of "restricted" or "net investment in capital assets".

The County applies restricted- net position prior to utilizing unrestricted- net position.

**12. Classification of Fund Balance**

Working Capital Policy -

The Board has determined that 35% of next year's operating budget needs to be available for working capital until the first half tax collections are received. Working capital by major fund are as follows:

General Fund -	\$ 19,191,470
Road & Bridge Fund -	3,104,189
Health and Human Services Fund -	10,719,247

These amounts are included in the General Fund as unassigned fund balance and as assigned fund balance in the Road & Bridge and Health and Human Services Funds.

The working capital amount is established by formal action of the County Board and the cash cannot be used for any other purpose unless approved by the Board.

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - the nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash.

Restricted - fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation.

Committed - the committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (resolution) of the County Board. Those committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.

Assigned - the assigned fund balance classification includes amounts that are internally imposed constraints established by the County Board. The County Board has adopted a fund balance policy, which delegates the authority to the County Administrator or his designee to assign amounts to be used for specific purposes, but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. See note 3.G, for assigned fund balance detail.

CARVER COUNTY  
CHASKA, MINNESOTA  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2018

Unassigned - the Unassigned General Fund Balance is appropriated by the Board as 35% of next year's operating budget for the specific purpose of providing working capital until first half tax collections are received. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted or committed.

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**13. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources; and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**E. Revenues**

**1. Revenues**

In accordance with GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, revenues for nonexchange transactions are recognized based on the principal characteristics of the revenue. Exchange transactions are recognized as revenue when the exchange occurs. The modified accrual basis of accounting is used by all governmental fund types. Under this basis, revenue is not recognized in the financial statements unless it is available to finance current expenditures.

**2. Imposed Nonexchange Transactions**

Imposed nonexchange transactions result from assessments by governments on non-governmental entities and individuals. Property taxes, fines and penalties, and property forfeitures are imposed nonexchange transactions. Revenues from property taxes are recognized in the period for which the taxes were levied, to the extent they are collected in the current period or soon enough thereafter to be used to pay liabilities of the current period. Property taxes receivable but not available are reported as a deferred inflow of resources and will be recognized as revenue in the fiscal year that they become available. Fines and penalties and property forfeitures are recognized in the period received.

**3. Intergovernmental**

Government-mandated nonexchange transactions occur when a government at one level provides resources to a government at another level and requires that government to use them for a specific purpose. The provider government establishes purpose restrictions and also may establish time requirements. Federal and State grants mandating the County perform particular programs are government-mandated nonexchange transactions. Revenues are recognized when eligibility and time requirements are met, usually when the corresponding expenditure is incurred.

Voluntary nonexchange transactions result from legislative or contractual agreements, such as grants, entitlements, appropriations, and donations. The provider may establish purpose restrictions or eligibility requirements. Revenues are recognized in the year to which they apply according to the statute or contract. Gifts and contributions from individuals are also considered voluntary nonexchange transactions and are generally recognized when received.

Tax credits paid by the State are included in intergovernmental revenues and are recognized as revenue in the fiscal year that they become available. Subject to the availability criterion, state-aid highway allotments for highway maintenance and construction are recognized as revenue in the year of allotment.

**4. Exchange Transactions**

Special assessments levied against benefiting properties are recognized under the modified accrual basis when available to finance current expenditures. Other revenues, such as licenses and permits, charges for services, and investment income are recognized as revenue when earned.

**Note 2 - Stewardship, compliance, and accountability**

**A. Budgetary information**

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. Each appropriation lapses at the end of the fiscal year to the extent that it has not been expended.

CARVER COUNTY  
CHASKA, MINNESOTA  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2018

The appropriated budget is prepared by fund, function, and department. The County's budgets may be amended or modified at any time by the County Board. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the department level. Adjustments to the approved budget, requested by originating departments, can be approved by the Property and Financial Services Director after review for adequate transfer of existing budget or addition of new revenue sources. All other changes greater than \$5,000 require Board approval, and changes of \$5,000 or less require the Property and Financial Services Director's approval. The material supplemental budgetary appropriations were:

Debt Service Fund	\$ 1,928,939
Buildings Capital Improvement Fund	579,526
Road & Bridge Capital Improvement Fund	14,177,637
Parks & Trails Capital Improvement Fund	(2,308,339)
Rail Authority Fund	(67,156)
Water Management Organization Fund	18,124
Ditch Fund	67,514
<b>Total</b>	<b><u>\$ 14,396,245</u></b>

**B. Tax Abatements**

Cities within the County have entered into tax abatement agreements pursuant to Minnesota Statute 469. These agreements meet the criteria for disclosure under Governmental Accounting Standards Board (GASB) Statement No. 77, Tax Abatement Disclosures. Under this statute the cities annually abate taxes collected above the district's base tax capacity which is established during adoption of the tax increment financing (TIF) district. These agreements are established to foster economic development and redevelopment through the creation of jobs, provision of affordable housing, or other public services.

Under each agreement, the city and developer agree on an amount of development costs to be reimbursed to the developer by the city through tax revenues from the additional taxable value of the property generated by the development (tax increment). A "pay-as-you-go" note is established for this amount, on which the city makes payments for a fixed period of time with available tax increment revenue after deducting certain administrative costs. All known agreements, regardless of dollar amount, are displayed below individually, by city, within Carver County. Due to the abatement agreements entered into by cities within the County, the County's tax base decreased by approximately \$256,091 in 2018. This reduction of the County's tax base theoretically reduces County revenue if consistent tax rates are applied throughout the district.

As of December 31, 2018, the following pay-as-you-go tax abatement agreements from cities within the County were in effect:

**Ditch Special Revenue Fund**

The Ditch Special Revenue Fund had five individual systems with a deficit fund balance as of December 31, 2018. The fund as a whole had a positive fund balance of \$31,933. The individual ditch system deficits will be eliminated with future special assessment levies against the benefited properties. The following is a summary of the individual ditch systems:

13 ditches with positive fund balances	\$ 104,695
5 ditches with deficit fund balances	(72,762)
Total Fund Balance	<u>\$ 31,933</u>

**Note 3 - Detailed notes on all funds**

**A. Deposits and investments**

**1. Deposits**

Minn. Stat. Ch. 118A authorizes the County to designate a depository for public funds. Minnesota statutes require that all County deposits be covered by insurance, surety bond, or collateral. The fair value of collateral pledged shall be at least ten percent more than the amount of the deposits. Deposits shall be collateralized as required by Minnesota statutes for any amount exceeding FDIC or other federal deposit coverage.

Authorized collateral includes treasury bills, notes and bonds; issues of U.S. government agencies; general obligations rated "A" or better; revenue obligations rated "AA" or better; irrevocable standby letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minn. Stat. 118A.03 subd. 7, requires that securities pledged as collateral be held in safekeeping at a federal reserve bank or the trust department of a financial institution other than that furnishing the collateral.

At December 31, 2018 the carrying amount of the County's deposits was \$8,586,977. Bank balances were \$9,545,7525, of which \$462,508 was covered by Federal depository insurance coverage, and the remaining \$9,083,244 was collateralized with securities held by the pledging financial institution's agent in the County's name.

**2. Investments**

The funds of the County shall be deposited or invested in accordance with Minn. Stat. Ch. 118A, any other applicable laws, and County investment policy. Four objectives are taken into consideration in the County's investment policy. It is the policy of the County when investing public monies to follow these objectives in the order of importance as listed: legality, safety, liquidity, and yield.

Minnesota Statute Section 118A.04 and 118A.05 generally authorize the following types of investments as available to the County:

1. Securities which are direct obligations or are guaranteed or insured issues of the United States, its agencies, its instrumentalities, or organizations created by an act of Congress, except mortgage backed securities defined as "high risk" by Minnesota Statute Section 118A.04, subdivision 6;
2. Mutual funds through shares of registered investment companies provided the mutual fund receives certain ratings depending on its investments;
3. General obligations of the State of Minnesota and its municipalities; and in certain state agency and local obligations of Minnesota and other states provided such obligations have certain specified bond ratings by a national bond rating service;
4. Banker's acceptances of United States banks;
5. Commercial paper issued by United States corporations or their Canadian subsidiaries that is of the highest quality category by two nationally recognized rating agencies and matures in 270 days or less;
6. With certain restrictions, in repurchase agreements, securities lending agreements, joint powers investment trusts, and guaranteed investment contracts; and
7. Time deposits that are fully insured by the Federal Deposit Insurance Corporation.

CHASKA, MINNESOTA  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2018

**Reverse Repurchase Agreements. Minnesota Statutes, Section 118A.07 permits the County to enter into reverse**

repurchase agreements, that is, a sale of securities with a simultaneous agreement to repurchase the securities in the future at the same price plus a contract rate of interest. The percentage of the County investment portfolio and its use of reverse repurchase agreements are governed by Statute. Reverse repurchase agreements can provide the County with funds during periods of low cash without requiring the sale of longer-dated securities. By using these instruments, typically for a term of less than twelve months, the County is able to avoid the sale of securities prior to maturity and the potential risk of related capital losses. During 2018, the County chose to not invest in reverse repurchase agreements.

**Fair Value of Investment.**

The County measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Quoted prices for identical investments in active markets;
- Level 2: Observable inputs other than quoted market prices; and,
- Level 3: Unobservable inputs.

At December 31, 2018 the County had the following recurring fair value measurements.

	Fair Value Measurements Using			
	12/31/2018	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments by fair value level

Municipal/Public Bonds	26,153,115	-	26,153,115	-
Negotiable Certificates of Deposit	230,818	-	230,818	-
Total Debt Securities	<u>63,605,504</u>	<u>\$ -</u>	<u>\$ 63,605,504</u>	<u>\$ -</u>
Investments measured at amortized cost				
MAGIC Portfolio	6,108,182			
Investments measured at the net asset value (NAV)				
MAGIC Term	8,000,000			
State Board of Investments	7,306,310			
Total Investments measured at NAV	<u>15,306,310</u>			
Total Investments	<u>\$ 85,019,996</u>			

Note: Cash and Cash Equivalents are not leveled per GASB 72. The County had \$29,015 in cash and cash equivalents on December, 31, 2018.

Debt and equity securities classified in Level 1 are valued using a market approach quoted in active markets for identical assets or liabilities.

Debt securities classified in Level 2 are valued using the following approaches:

- U.S. Agencies, Municipal/Public Bonds, Corporate Bonds, Asset-Backed Securities: a market approach by utilizing quoted prices for identical securities in markets that are not active;
- Negotiable Certificates of Deposit: a market approach using quoted prices for similar securities in markets that are not active;

The MAGIC Portfolio is valued using amortized cost. Shares of the MAGIC Portfolio are available to be redeemed upon proper notice without restrictions under normal operating conditions. There are no limits to the number of redemptions that can be made as long as the County has a sufficient number of shares to meet there redemption request. The MAGIC Fund's Board of Trustees can suspend the right of withdrawal or postpone the date of payment if the Trustees determine that there is an emergency that makes the sale of a Portfolio's securities or determination of its new asset value not reasonably practical.

The MAGIC term investment pool is valued at net asset value (NAV) as it does not meet the liquidity criteria to be valued at amortized cost. The County would face penalties if early redemptions were made from the term investment pool. There are no unfunded commitments related to this investment. The County reports its investment in the term investment pool at the NAV per share, the fair value established by the pool.

Shares of MAGIC Term Series are purchased to mature upon pre-determined maturity dates selected by the County at the time of purchase. Should the County need to redeem shares in a MAGIC Term Series prematurely they must provide notice at least 7 days prior to premature redemption date. The value of a premature redemption is equal to the original price for such share, plus dividends thereon, at the projected yield less such share's allocation of any losses incurred by the series, less a premature redemption penalty, if any.

CARVER COUNTY

NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2018

The County also holds \$7,306,310 with the State Board of Investment (SBI) in the Internal Equity Pool and Internal Fixed Pool, an external investment pool. The fair value of the investment is the fair value per share of the underlying portfolio. Pursuant to Minn. Stat. § 471.6175, the County may only redeem these funds for the use of postemployment benefits. The County invests in this pool due to the increased investment authority, historically high rate of return on investments, and the reduction of the postemployment benefit liability recorded in its financial statements. The SBI annual report can be found online at [mn.gov/sbi/](http://mn.gov/sbi/) under publications.

**Interest rate risk.** Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. To minimize the County's exposure to interest rate risk the County put a policy in place to manage it by: investing in both shorter-term and longer-term investments; evenly timing cash flows from maturities; and monitoring the expected mark-to-market adjustment if interest rates increase by 100-200 Basis Points.

The following table represents the potential interest rate risk related to the county's investments using the segmented time distribution method, assumptions are based on an average life calculation that takes into account interest rates at year-end and the statistical probability of a full or early call.

At December 31, 2018, the County had the following investment maturities:

(a) This classification has some investments that are fixed income and have fixed expiration dates with no interim payments of interest. The majority of interest is paid every six months. Each individual fixed security has unique terms which may change the interest rate at set intervals (step-ups) , or may be called before expiration by the issuer. Mortgage-backed securities and CMO's are backed by mortgage packages which make monthly payments of principal and interest to the County. The monthly payments accelerate as the underlying mortgage instruments are paid in full, when the underlying properties are sold or the underlying mortgage is refinanced.

**Credit risk.** Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. It is the County's policy to invest only in securities that meet the ratings requirements set by State statute.

CARVER COUNTY  
CHASKA, MINNESOTA  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2018

**Concentration of credit risk.** The concentration of credit risk is the risk of loss that may be caused by the County's investment in a single issuer. The County shall diversify its investments to avoid incurring unreasonable risks inherent in over-investing in specific instruments, individual financial institutions or maturities. Within these parameters, portfolio maturities shall be staggered to avoid undue concentration of assets in a specific maturity sector. In accordance with the County's investment policy, restrictions placed on the County's current investments are as follows:

<u>Investment Securities</u>	<u>Maximum Portfolio Exposure</u>	<u>Exposure per Issuer</u>	<u>Additional Restrictions</u>
(1) Obligations issued or guaranteed by an Agency of the United States	100%	Unlimited	None
(2) Agency mortgage backed securities including collateralized mortgage obligations	75%	10% in any one mortgage pool or CMO	No more than 50% in mortgage pools or sequential CMO's
(3) Repos and Reverse Repos	20%	10%	90 days maturity or less
(4) General Obligation of any State of the US which is a general obligation of any state or local government with taxing powers	50%	5%	Rated "A" or better by at least one major rating agency
(5) Any security which is a revenue obligation of any state or local government with taxing powers	50%	5%	Rated "AA" or better by a national bond rating service

**Custodial credit risk - investments.** For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. In accordance with the County's investment policy, all investment securities purchased by the County shall be held in third party safekeeping by an institution designated as primary agent. The primary agent shall issue a safekeeping receipt to the County listing the specific instrument, rate of maturity and other pertinent information. Portfolio investments shall not exceed 50% of the County's investment portfolio with anyone institution, to avoid concentration of assets. Of the County's \$77,742,701 investment portfolio, \$64,613,368 was insured or registered, or securities were held by the County or its agent in the County's name and \$13,129,333 was uninsured and unregistered, with securities held by the counterparty, or by its trust agent, but not in the County's name.

The internal service fund predominantly serves the governmental funds. Accordingly, long-term liabilities for it are included as part of the above totals for governmental activities. Also, for the governmental activities, compensated absences and other post employment benefit obligations are generally liquidated by the internal service fund, while pension liabilities are generally liquidated by the General Fund, Road and Bridge Fund, and Health and Human Services Fund. Bonded debt is paid from the Debt Service Fund.

CARVER COUNTY  
CHASKA, MINNESOTA  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2018

**Debt payment history**

Neither the County nor the CDA have ever defaulted in the payment of principal and interest on its debt.

**County General Obligation Pledged for CDA 2011 and 2016 Bond Sales**

The CDA's \$3,710,000 Bond Sale in 2011 and \$4,710,000 Refunding Bond Sale in 2016, are backed by the County's General Obligation to repay the bonds in the event the CDA fails to make the debt service payments. The bond indenture includes several provisions designed to protect the interest of the County's taxpayers in the unlikely event that the CDA would not be able to pay the debt service from the housing project's revenues.

**G. Fund Balance**

Per County Policy: assigned fund balance may be used to supplement "pay as you go" capital outlay, one-time operating expenditures, tentative management plans, or prepay existing County debt. At year-end divisions can request uncompleted professional service obligations and/or capital appropriations and unexpended grants be rolled over to the subsequent year by submitting a listing to the County Administrator for approval.

CARVER COUNTY  
CHASKA, MINNESOTA  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2018

**Note 4 - Other information**

**A. Risk Management**

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters. The County has entered into a joint powers agreement with other Minnesota counties to form the Minnesota Counties Intergovernmental Trust (MCIT) to protect against losses from workers' compensation and property and casualty. There were no significant reductions in coverage from the previous year or settlements in excess of coverage for any of the past three years.

The Workers' Compensation Division of MCIT is fully funded. Total contributions plus compounded earnings on these contributions will equal the amount needed to satisfy claim liabilities and other expenses. MCIT participates in the Workers' Compensation Reinsurance Association with coverage at \$500,000 per claim in 2017 and \$500,000 in 2018. Should the MCIT Workers' Compensation Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

The Property and Casualty Division of MCIT is fully funded and the County pays an annual premium/contribution to cover current and future losses. The MCIT carries reinsurance for its property and casualty exposures to protect against catastrophic losses. Should the MCIT Property and Casualty Division liabilities exceed assets; MCIT may assess the County in a method and amount to be determined by MCIT.

The County pays MCIT contributions from the County's Self Insurance Internal Service Fund. The Self Insurance fund is reimbursed from other County funds for their share.

The County, through its Self Insurance Fund retains some risk of loss through the self funding of automobile damage losses to vehicles. Automobile liability has a zero deductible with bodily injury and property damage limits of \$500,000 per claimant; \$1,500,000 per occurrence. Auto physical damage coverage is self funded by the County. At the beginning of the year, there was no liability as claims are paid on a per claim basis. In addition, the County carries Workers' Compensation with a per claim deductible of \$50,000 and an Aggregate Deductible of \$350,000 per year. General Liability has a \$2,500 per Occurrence /Wrongful Act Deductible. The General liability limits are \$500,000 per claimant; \$1,500,000 per occurrence. The County's management is not aware of any incurred but not reported claims.

**B. Contingent Liabilities**

The County, in connection with the normal conduct of its affairs, is involved in various claims, judgments, and litigation. The County Attorney estimates that the potential claims against the County not covered by insurance resulting from such litigation would not materially affect the financial statements of the County.

**C. Grants**

The County receives significant financial assistance from numerous Federal, State and local governmental agencies in the form of grants and entitlements. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements. The financial assistance received may be subject to an audit pursuant to Uniform Guidance or audits by the grantor agency.

**D. Agricultural Best Management Loan Program**

The County has entered into a loan agreement for \$2,361,921 with the Minnesota Department of Agriculture to operate a loan fund for the purpose of funding the repair of failing septic systems. The loans will be paid from special assessments. The loan due to the Department of Agriculture will be paid back in semi-annual payments over 17 years beginning April 2009 with no interest. The following information summarizes the activity of loans made to participants in the program.

**E. Jointly-Governed Organizations**

***Region Five- Southwest Minnesota Homeland Security Emergency Management Organization***

The Region Five – Metro Minnesota Security Emergency Management Organization (Metro) was established to provide for regional coordination of planning, training, purchase of equipment, and allocating emergency services and staff in order to better respond to emergencies and natural or other disasters within the Metro region. Control is vested in the Board, which is composed of representatives appointed by each Board of County Commissioners. Carver County's responsibility does not extend beyond making this appointment.

***Minnesota Counties Computer Cooperative (MCCC)***

Under Minnesota Joint Powers Law, Minn. Stat. § 471.59, Minnesota counties have created MCCC to jointly provide for the establishment, operation, and maintenance of data processing systems, facilities, and management information systems. During the year, Carver County expended \$226,369 to the MCCC.

***Tri-City Tactical Team***

The purpose of this agreement is to establish an organization to coordinate efforts to develop and provide response to critical incidents or high risk situations where there is a risk of criminal violence occurring within the jurisdictions of the members. The team is made up of the City of Prior Lake, the City of Savage, the City of Shakopee, Scott County, and Carver County.

**F. Joint Ventures**

***Mental Health Crisis Program with McLeod County***

Pursuant to Minn. Stat. 471.59, Carver County entered into a joint powers agreement with McLeod County. The purpose of this agreement is to receive funding, administer mental health crisis and other related services to eligible clients in McLeod and Carver counties.

The County's duties include providing mental health crisis services pursuant to the joint powers agreement, act as the fiscal agent of the parties, and assume the responsibility for billing the client's insurance for services received. The County has no other financial obligations.

***Carver County Integrated Services Council***

The Carver County Collaborative was established February 1, 1997 pursuant to Minn. Stat. § 471.59 and 124D.23. The Collaborative includes the CAP Agency, Carver County Health and Human Services, Carver County Community Health Services, Carver County Court Services, Carver County Sheriff's Office, Central School District, Eastern Carver County School District, Waconia School District, and the Watertown-Mayer School District.

The purpose of the Collaborative is to plan and coordinate services to children and their families and encourage early identification and intervention for children and families expressing mental health, social service and health needs.

The Collaborative is composed of one administrative representative designated by the directors of each member organization.

Financing is provided by state and federal grants. Carver County, in an agent capacity, records the cash transactions of the Collaborative in its financial statements as an agency fund.

***Metropolitan Emergency Services Board***

Pursuant to Minn. Stat. § 471.59, Carver County entered into a joint powers agreement with the Counties of Anoka, Chisago, Dakota, Hennepin, Isanti, Ramsey, Scott, Washington, and the City of Minneapolis. The purposes of the agreement are: (a) the implementation and administration of a regional 911 system, and (b) encouraging the development of new resources and the coordination of emergency medical services. Carver County paid annual dues of \$39,935 in 2018. Except for annual dues the County has no other financial obligations. Current financial statements are available at the 911 Board Office, 2099 University Avenue, Saint Paul, Minnesota 55104-3431.

***Southwest Metro Drug Task Force***

The Southwest Metro Drug Task Force was established in 2000 under the authority of the Joint Powers Act, pursuant to Minn. Stat. § 471.59, and includes Carver, McLeod and Scott Counties, and the Cities of South Lake Minnetonka, Chaska, Chanhassen, Shakopee, Mound, Hutchinson, West Hennepin, and Minnetrista. The Drug Task Force's objectives are to detect, investigate, and apprehend controlled substance offenders in the three-county area.

CARVER COUNTY  
CHASKA, MINNESOTA  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2018

Control of the Southwest Metro Drug Task Force is vested in the Southwest Metro Drug Task Force Executive Committee. The Executive Committee consists of one designated official from each of the three counties and eight cities. In the event of dissolution of the Drug Task Force, the remaining net position will be distributed among the agencies based on their level of participation. However, if only one agency terminates the agreement and the Drug Task Force continues, all equipment will remain with the Drug Task Force.

Financing is provided by grants, forfeiture money, and appropriations from members. Complete financial information can be obtained from the Southwest Metro Drug Force Commander, 600 East 4th Street, Chaska, Minnesota 55318.

***Metropolitan Library Service Agency (MELSA)***

Carver County entered into a joint powers agreement with the other six metropolitan area counties and the Cities of Saint Paul and Minneapolis to improve public library services within the various jurisdictions. The Board of Directors of MELSA consists of one member from each member entity. Financing is provided by gifts, grants, and other property of assistance from the federal government, the State of Minnesota, and other government and private sources. The MELSA agency handles the accounting function of the Board. Current financial statements are available from the MELSA office, 1619 Dayton Avenue, Suite 314, Saint Paul, Minnesota 55104-6276.

***SmartLink Transit***

Pursuant to Minn. Stat. §471.59, Carver County entered into a joint powers agreement with Scott County. The objective of the agreement is to work together to provide transportation services to residents in Carver and Scott County by partnering to use existing resources and develop expanded transit services in order to increase the scope, availability, and quality of the two-county region's transit system.

Both entities are governed by their respective Boards. The Management Team, consisting of equal partners from both counties, is responsible for major operational and budgetary decisions, long-range planning and capital equipment purchases. Scott County is the fiscal agent, receiving funds on behalf of both counties for administration of the programs and services. Separate financial statements are not available.

***Crow River Joint Powers Agreement***

In April 1999, the County entered into a joint powers agreement with Hennepin, Kandiyohi, McLeod, Meeker, Pope, Renville, Sibley, Stearns, and Wright Counties creating the Crow River Joint Powers Agreement. The Agreement is authorized by Minn. Stat. §§ 103B.311 and 103B.315. The Prairie County Resource Conservation and Development Council is the fiscal agent for this Joint Powers Agreement.

The Board of Directors meets at least two times per year, or more often if needed, at the location to be set by the chair of the Joint Powers Board. The purpose of this Agreement is the joint exercise of powers by the member counties to promote the orderly water quality improvement and management of the Crow River Watershed through information sharing, education, coordination, and related support to the member counties by assisting in the implementation and goal achievement of comprehensive water plans.

The governing board is composed of one Board member from each of the participating counties. Financing is provided by state proceeds. Current financial statements are not available.

**G. Pension Plans**

**Defined Benefit Pension Plans**

***Plan Description***

Carver County participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Fund, the Public Employees Police and Fire Fund, and the Local Government Correctional Service Retirement Fund (the Public Employees Correctional Fund), which are cost sharing multiple-employer retirement plans. These plans are established and administered in accordance with Minn. Stat. chs. 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

General Employees Retirement Plan (General Employees Plan (accounted for in the General Employees Fund)). All full-time and certain part-time employees of the County are covered by the General Employees Plan. General Employee Plan members belong to either the Coordinated Plan. Coordinated Plan members are covered by Social Security.

Public Employees Police and Fire Plan (Police and Fire Plan (accounted for in the Police and Fire Fund)). The Police and Fire Plan, originally established for police officers and firefighters hired since 1980. Effective July 1, 1999, the Police and Fire Plan also covers police officers and firefighters belonging to local relief associations that elected to merge with and transfer assets and administration to PERA.

Local Government Correctional Plan (Correctional Plan (accounted for in the Correctional Fund)). The Correctional Plan was established for correctional officers serving the county and regional corrections facilities. Eligible participants must be responsible for the security, custody, and control of the facilities and their inmates.

***Benefits Provided***

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statute and can be modified only by the state legislature. Vested, terminated employees who are entitled to benefits, but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service.

*General Employees Plan Benefits*

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2 percent of average salary for each of the first 10 years of service and 1.7 percent of average salary for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7 percent of average salary for all years of service. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.

Benefit increases are provided to benefit recipients each January. Increases are related to the funding ratio of the plan. If the General Employees Plan is at least 90 percent funded for two consecutive years, benefit recipients are given a 2.5 percent increase. If the plan has not exceeded 90 percent funded, or have fallen below 80 percent, benefit recipients are given a one percent increase. A benefit recipient who has been receiving a benefit for at least 12 full months as of June 30, will receive a full increase. Members receiving benefits for at least one month but less than 12 full months as of June 30, will receive a pro rata increase.

*Police and Fire Plan Benefits*

Benefits for Police and Fire Plan members first hired after June 30, 2010, but before July 1, 2014, vest on a prorated basis from 50 percent after five years up to 100 percent after ten years of credited service. Benefits for Police and Fire Plan members first hired after June 30, 2014, vest on a prorated basis from 50 percent after ten years up to 100 percent after twenty years of credited service. The annuity accrual rate is 3 percent of average salary for each year of service. A full, unreduced pension is earned when members are age 55 and vested, or for members who were first hired prior to July 1, 1989, when age plus years of service equal at least 90.

Benefit increases are provided to benefit recipients each January. Police and Fire Plan benefit recipients receive a future annual 1.0 percent increase. An annual adjustment will equal 2.5 percent any time the plan exceeds a 90 percent funded ratio for two consecutive years. If the adjustment is increased to 2.5 percent and the funded ratio falls below 80 percent for one year or 85 percent for two consecutive years, the post-retirement benefit increase will be lowered to one percent. A benefit recipient who has been receiving a benefit for at least 12 full months as of June 30 will receive a full increase. Members receiving benefits for at least one month but less than 12 full months as of June 30 will receive a pro rata increase. For retirements after May 31, 2014, the first increase will be delayed two years.

*Correctional Plan Benefits*

Benefits for Correctional Plan members first hired after June 30, 2010, vest on a prorated basis from 50 percent after five years up to 100 percent after ten years of credited service. The annuity accrual rate is 1.9 percent of average salary for each year of service in that plan. A full, unreduced pension is earned when members are age 55 and vested, or for members who were first hired prior to July 1, 1989, when age plus years of service equal at least 90.

Benefit increases are provided to benefit recipients each January. Increases are related to the funding ratio of the plan. If the Correctional Plan is at least 90 percent funded for two consecutive years, benefit recipients are given a 2.5 percent increase. If the plan has not exceeded 90 percent funded, or have fallen below 80 percent, benefit recipients are given a one percent increase. A benefit recipient who has been receiving a benefit for at least 12 full months as of June 30, will receive a full increase. Members receiving benefits for at least one month but less than 12 full months as of June 30, will receive a pro rata increase.

***Contributions***

*Minnesota Statutes* Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state Legislature.

*General employees fund contributions*

Coordinated Plan members were required to contribute 6.50 percent of their annual covered salary in fiscal year 2018 and the County was required to contribute 7.50 percent for Coordinated Plan members. The County's contributions to the General Employees Fund for the year ended December 31, 2018, were \$2,868,521. The County's contributions were equal to the required contributions as set by state statute.

*Police and Fire Fund Contributions*

Plan members were required to contribute 10.8 percent of their annual covered salary and the County was required to contribute 16.20 percent of pay for members in fiscal year 2018. The County's contributions to the Police and Fire Fund for the year ended December 31, 2018, were \$1,062,164. The County's contributions were equal to the required contributions as set by state statute.

Correctional Fund Contributions

Plan members were required to contribute 5.83 percent of their annual covered salary and the County was required to contribute 8.75 percent of pay for plan members in fiscal year 2018. The County's contributions to the Correctional Fund for the year ended December 31, 2018, were \$274,044. The County's contributions were equal to the required contributions as set by state statute.

**Pension Costs**

General Employees Fund Pension Costs

At December 31, 2018, the County reported a liability of \$31,565,787 for its proportionate share of the General Employees Fund's net pension liability. The County's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$16 million to the fund in 2018. The State of Minnesota is considered a non-employer contributing entity and the state's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the County totaled \$1,035,477 for a total net pension liability of \$32,601,264 associated with the County. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportionate share of the net pension liability was based on the County's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2017 through June 30, 2018, relative to the total employer contributions received from all of PERA's participating employers.

At December 31, 2018, the County's proportionate share was 0.5690 percent which was an increase of 0.0200 percent from its proportionate share measured as of December 31, 2017.

For the year ended December 31, 2018, the County recognized pension expense of \$3,759,878 for its proportionate share of the General Employees Plan's pension expense. In addition, the County recognized an additional \$91,040 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$16 million to the General Employees Fund.

At December 31, 2018, the County reported its proportionate share of GERF's deferred outflows of resources and deferred inflows of resources from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 835,494	\$ (920,638)
Changes in actuarial assumptions	3,015,333	(3,546,753)
Net difference between projected and actual earnings on pension plan investments	-	(3,225,523)
Changes in proportion	1,762,869	(42,102)
Contributions paid to PERA subsequent to the measurement date	1,459,086	-
Total	\$ 7,072,782	\$ (7,735,016)

A total of \$1,459,086 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2019. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31	Pension Expense Amount
2019	\$ 1,771,566
2020	(978,912)
2021	(2,255,140)
2022	(658,833)

Police and Fire Fund Pension Costs

At December 31, 2018, the County reported a liability of \$6,630,945 for its proportionate share of the Police and Fire Fund's net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportionate share of the net pension liability was based on the County's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2017 through June 30, 2018, relative to the total employer contributions received from all of PERA's participating employers.

At December 31, 2018, the County's proportionate share was 0.6221 percent which was a decrease of 0.0140 percent from its proportionate share measured as of June 30, 2017. The County also recognized \$55,989 for the year ended December 31, 2018, as revenue and an offsetting reduction of net pension liability for its proportionate share of the State of Minnesota's on-behalf contributions to the Police and Fire Fund. Legislation passed in 2013 required the state of Minnesota to begin contributing \$9 million to the Police and Fire Fund each year, starting in fiscal year 2014.

For the year ended December 31, 2018, the County recognized pension expense of \$745,070 for its proportionate share of the PEPFPs pension expense.

Correctional Plan Pension Costs

At December 31, 2018, the County reported a liability of \$252,216 for its proportionate share of the Correctional Plan's net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportionate share of the net pension liability was based on the County's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2017 through June 30, 2018, relative to the total employer contributions received from all of PERA's participating employers.

At December 31, 2018, the County proportionate share was 1.534 percent which was an increase of 0.0440 percent from its proportionate share measured as of December 31, 2017.

For the year ended December 31, 2018 the County recognized negative pension expense of \$266,030 for its proportionate share of the Correctional Plan's pension expense.

At December 31, 2018 the County reported its proportionate share of the Correctional Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 13,164	\$ (26,958)

\$133,492 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2019. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31	Pension Expense Amount
2019	\$ 149,337
2020	(1,090,631)
2021	(953,390)
2022	(52,806)

**Total Pension Expense**

The total pension expense for all plans recognized by the County for the year December 31, 2018, was \$4,385,947.

**Actuarial Assumptions**

The total pension liability in the June 30, 2018, actuarial valuation was determined using an individual entry-age normal actuarial cost method and the following actuarial assumptions:

	GERF	PEPFP	PECF
Inflation	2.50% per yr.	2.50% per yr.	2.00% per yr.
Active member payroll growth	3.25% per yr.	3.25% per yr.	3.50% per yr.
Investment rate of return	7.50%	7.50%	7.50%

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors, and disabilitants for all plans were based on RP 2014 tables for males or females, as appropriate, with slight adjustments to fit PERA's experience. Cost of living benefit increases after retirement for retirees are assumed to be 1.25% per year for the General Employees Plan, 1.0% per year for the Police and Fire Plan, and 2.0% per year for the Correctional Plan.

Actuarial assumptions used in the June 30, 2018 valuation were based on the results of actuarial experience studies. The most recent six-year experience study in the General Employees Plan was completed in 2015. The most recent four-year experience study for Police and Fire Plan was completed in 2016. The five-year experience study for the Correctional Plan, prepared by a former actuary, was completed in 2012. The mortality assumption for the Correctional Plan is based on the Police and Fire Plan experience study completed in 2016. Economic assumptions were updated in 2017 based on a review of inflation and investment return assumptions.

The following changes in actuarial assumptions occurred in 2018:

General Employees Fund

- The mortality projection scale was changed from MP-2015 to MP-2017.
- The assumed post-retirement benefit increase was changed from 1.0% per year through 2044 and 2.50% per year thereafter to 1.25% per year.

Police and Fire Fund

- The mortality projection scale was changed from MP-2016 to MP-2017.
- As set by statute, the assumed post-retirement benefit increase was changed from 1.0% per year through 2064 and 2.5% per year, thereafter, to 1.0% for all years, with no trigger.

Correctional Fund

- The Single Discount Rate was changed from 5.96% per annum to 7.50% per annum.
- The mortality projection scale was changed from MP-2016 to MP-2017.
- The assumed postretirement benefit increase was changed from 2.50% per year to 2.00% per year.

CARVER COUNTY  
CHASKA, MINNESOTA  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2018

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Real Rate of Return
Domestic stocks	36%	5.10%
International stocks	17%	5.30%
Bonds	25%	5.90%
Alternate assets	20%	0.75%
Cash	2%	0.00%
<b>Total</b>	<b>100%</b>	

**Discount Rate**

The discount rate used to measure the total pension liability in 2018 was 7.50 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net positions of the General Employees Fund, the Police and Fire Fund, and the Correctional Fund were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Pension Liability Sensitivity**

The following presents the County's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

Description	1% Decrease	Current Discount Rate	1% Increase
	6.50%	7.50%	8.50%
County's proportionate share of the GERP net pension liability	\$ 51,298,445	\$ 31,565,787	\$ 15,277,041
County's proportionate share of the PEPFP net pension liability	14,217,162	6,630,945	357,459
County's proportionate share of the PECF net pension liability	2,158,524	252,216	(1,272,774)

**Pension Plan Fiduciary Net Position**

Detailed information about each pension plan's fiduciary net position is available in a separately issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at [www.mnpera.org](http://www.mnpera.org).

**Defined Contribution Plan**

Four Board Members of Carver County are covered by the Public Employees Defined Contribution Plan, a multiple-employer deferred compensation plan administered by PERA. The Defined Contribution Plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code and all contributions by or on behalf of employees are tax deferred until time of withdrawal.

Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses. Minnesota Statutes, Chapter 353D.03, specifies plan provisions, including the employee and employer contribution rates for those qualified personnel who elect to participate. An eligible elected official who decides to participate contributes five percent of salary which is matched by the elected official's employer. For ambulance service personnel, employer contributions are determined by the employer, and for salaried employees contributions must be a fixed percentage of salary. Employer contributions for volunteer personnel may be a unit value for each call or period of alert duty. Employees who are paid for their services may elect to make member contributions in an amount not to exceed the employer share. Employer and employee contributions are combined and used to purchase shares in one or more of the seven accounts of the Minnesota Supplemental Investment Fund. For administering the plan, PERA receives two percent of employer contributions and twenty-five hundredths of one percent (0.25%) of the assets in each member's account annually.

Total contributions made by the County during fiscal year 2018 were:

Contribution Amount		Contribution Amount		Required Rate
Employee	Employer	Employee	Employer	
\$ 13,033	\$ 13,033	5%	5%	5%

**H. Other Post-employment Benefits (OPEB)**

**Plan description**

The County provides post-employment health care benefits (OPEB) for retired employees through a single employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the County and can be amended by the County through its personnel policy manual and union contracts within the guidelines of Minnesota Statute. Minnesota Statute requires eligibility to be available for pension-eligible retirees (i.e. retirement after age 55 with 3 years of service). The plan is accounted for as an irrevocable trust fund. The plan does not issue a separate report.

In 2018, Carver County established an OPEB irrevocable trust, pursuant to MN Statutes, Sec. 471.6175, to prefund a portion of the OPEB liability. The Public Employees Retirement Association (PERA) serves as the trust administrator for the irrevocable trust account.

Prior to 2018, the County had a revocable trust that was reported in the Other Post Employment Benefits Internal Service Fund as investments with trust account, using accrual basis of accounting. With the establishment of an OPEB irrevocable trust, the investments were transferred to the Other Postemployment Benefits Trust Fund and reported in the Statement of Fiduciary Net Position. This financial statement is prepared using the accrual basis of accounting.

**Subsidized Benefits**

Medical Benefit	None
Dental Benefit	None
Life Insurance	None

**Participants**

At January 1, 2017, membership consisted of:

Active Participants	621
Retired Participants Receiving Benefits (Including LTD participants)	43
Spouses of Retired Participants' Receiving Benefits	6
Total	670
 Participating Employers	 1

**Funding Policy and Contributions**

The fair value of investments is determined by the Minnesota State Board of Investment (SBI).

Contributions to the plan are recognized when due and the County has made a commitment to provide the contributions. The County negotiates the contribution percentage between the County and employees through the union contracts and personnel policy. See the above summary of plan provisions for the County's contribution for retirees. For the fiscal year ending December 31, 2018, the County contributed \$384,129 and the retirees contributed an estimated \$121,580 toward the cost of their healthcare coverage.

**Net OPEB Liability**

The County's last actuarial valuation was performed for the plan on January 1, 2017. The County's \$1,032,301 net OPEB liability was measured as of December 31, 2018.

The components of the net OPEB liability of Carver County at December 31, 2018 were as follows:

Total OPEB Liability	\$ 8,338,611
Plan fiduciary net position	7,306,310
Net OPEB Liability (asset)	\$ 1,032,301
 Plan fiduciary net position as a percentage of the total OPEB liability	87.6%
 Covered-employee payroll (valuation salary)	\$ 43,502,181
 <i>Net OPEB liability (asset) as a percentage of covered- employee payroll</i>	2.4%

**Actuarial Methods and Assumptions**

The County's total OPEB liability of \$8,338,611 as of December 31, 2018, was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation, 1/1/17 valuation	2.50%
Salary Increases	3.00%
Investment rate of return	6.20% (net of investment expenses)
Healthcare cost trend rates:	
Medical	6.25% in 2018 grading to 5.00% over 5 years (note: The County's subsidized payments are expected to increase at half of the above trend rate.)
Dental	4.00%

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members up to that date. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with long-term perspective of the calculations.

Mortality rates were based on the RP-2014 White Collar Mortality Tables with MP-2016 Generational Improvement Scale (with Blue Collar adjustment for Police and Fire Personnel)

NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2018

The actuarial assumptions used in the January 1, 2017 valuation and December 31, 2018 measurement date were based on the Public Employees Retirement Association of Minnesota actuarial experience studies, including the six-year experience study for the General Employees Plan completed in 2015 and the experience study for the Police and Fire Plan dated November 2010.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic equity	80.00%	7.00%
Fixed Income	20.00%	3.00%
Private equity	0.00%	0.00%
Real estate	0.00%	0.00%
Cash	0.00%	0.00%
Total Portfolio	100.00%	6.20%

**Investments**

The OPEB investments are held in an irrevocable trust and invested by SBI in an OPEB Internal Equity Pool and Internal Fixed Income Pool. The County's investment policy delegates investment policy decisions to the Investment Manager, including asset allocation. The policy can only be amended by the County Board.

**Rate of Return**

For the year ended December 31, 2018, the annual money-weighted rate of return on investments, net of investment expense, was -4.3 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

**Discount Rate**

The discount rate used to measure the total OPEB liability was 5.50 percent, this was a change from the January 1, 2017 valuation report of 4.00 percent. The projection of cash flows used to determine the discount rate assumed that the County contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

**Changes in the Net OPEB Liability**

	Increase (Decrease)

**OPEB Plan Fiduciary Net Position**

Detailed information about the OPEB plan's fiduciary net position is available on page 30 of this financial report.

**OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

For the year ended December 31, 2018 the County recognized OPEB expense of \$758,863. At December 31, 2018, the County reported no deferred inflows or outflows of resources related to OPEB.

**I. Donor-restricted Endowment**

The County has a donor restricted endowment that exists in the General Fund. The Minnesota Community Foundation endowment allows the County to spend the prior year investment earnings less administrative expenses on certain Library expenses. For 2018, the County had net investment loss of \$5,318. The County reported the related net position as restricted in the Statement of Net Position. The Library Director is authorized to spend the amount available for spending through the County's regular claim approval process.

**Carver County Community Development Agency Component Unit Notes**

**Note 5 - Summary of Significant Accounting Policies**

**A. Reporting Entity**

The Carver County Community Development Agency (the CDA) Chaska, Minnesota was established April 3, 1980. The CDA is governed by a five-member Board of Commissioners (the Board) appointed by the Carver County (the County) Board of Commissioners from the five districts in the County. The CDA provides affordable housing for the citizens within the County. The CDA has considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the CDA are such that exclusion would cause the CDA's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the primary government to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the primary government. The CDA has no component units however, the CDA is reported as a component unit in the County's financial statements.

**B. Measurement Focus, Basis of Accounting and Basis of Presentation**

The CDA is considered a single enterprise fund for financial reporting purposes. The activities of the CDA are recorded under various programs established for the administration of the CDA's programs. For the most part, the effect of inter-program activity has been removed from the statements of net position and the statement of activities. The CDA's basic financial statements have been prepared on the basis of the governmental proprietary fund concept which pertains to financial activities that operate in a manner similar to private business enterprises and are financed through tenant rentals and federal housing assistance programs. The CDA's basic financial statements are presented on the accrual basis of accounting. The CDA applies all applicable Government Accounting Standards Board (GASB) pronouncements.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place.

CARVER COUNTY  
CHASKA, MINNESOTA  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2018

Non-exchange transactions, in which the CDA receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the year for which the tax is levied. Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the CDA must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the CDA on a reimbursement basis.

Proprietary funds distinguish operating revenues and expenses from nonoperating revenue and expenses. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of proprietary funds are tenant rent and City contributions. Operating expenses for proprietary funds include the cost of housing assistance payments, utilities, sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

**C. Assets, Deferred Outflows of Resources, Liabilities, and Net Position**

***1. Deposits and Investments***

The CDA's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. The cash and temporary investments pool is considered to be cash and cash equivalents for purposes of the Statements of Cash Flows.

The CDA may invest idle funds as authorized by Minnesota statutes, as follows:

1. Direct obligations or obligations guaranteed by the United States or its agencies.
2. Shares of investment companies registered under the Federal Investment Company Act of 1940 and received the highest credit rating, rated in one of the two highest rating categories by a statistical rating agency, and have a final maturity of thirteen months or less.
3. General obligations of the State or local government with taxing powers rated "A" or better; revenue obligations rated "AA" or better.
4. General obligations of the Minnesota Housing Finance Agency rated "A" or better.
5. Obligations of school district with an original maturity not exceeding 13 months and (i) rated in the highest category by a national bond rating service or (ii) enrolled in the credit enhancement program pursuant to statute section 126C.55.
6. Bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System.
7. Commercial paper issued by United States banks corporations or their Canadian subsidiaries, of highest quality category by at least two nationally recognized rating agencies, and maturing in 270 days or less.
8. Repurchase or reverse repurchase agreements and securities lending agreements with financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.
9. Guaranteed investment contracts (GIC's) issued or guaranteed by a United States commercial bank, a domestic branch of a foreign bank, a United States insurance company, or its Canadian subsidiary, whose similar debt obligations were rated in one of the top two rating categories by a nationally recognized rating agency.

Broker money market funds operate in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the shares.

The CDA categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The CDA has the following recurring fair value measurements as of year end:

- US Treasury securities are valued using quoted market prices (Level 1 inputs)
- Broker Certificates of Deposit are valued using a matrix pricing model (Level 2 inputs)

NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2018

**2. Property Taxes**

The CDA Board annually adopts a levy and certifies it to the County for collection. The County is responsible for collecting all property taxes for the CDA. Real property taxes are paid by taxpayers of the County in two equal installments on May 15 and October 15. The County provides tax settlements to the CDA three times per year, in January, July and December.

Delinquent taxes receivable include the past six years' uncollected taxes.

**3. Accounts Receivable**

Accounts receivable include amounts billed for services provided before year end. All trade receivables are shown net of an allowance for uncollectible. Because the CDA has written off all accounts that are considered to be uncollectible, there is no allowance for uncollectible accounts at year end.

**4. Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

**5. Capital Assets**

Capital assets, which include property, plant and equipment are reported in the government-wide financial statements. Capital assets are defined by the CDA as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant and equipment of the CDA are depreciated using the straight line method over the following estimated useful lives:

Assets	Years
Buildings	30 to 40
Furniture, equipment and machinery	3 to 15
Leasehold improvements	15

**6. Deferred outflows of resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

The CDA only has one item that qualifies for reporting in this category. It is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

**7. Long-term Obligations**

Long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts, are amortized over the life of the bonds using the straight line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as an expense of the period incurred.

**8. Unearned Revenue**

The CDA reports unearned revenue on its statement of net position. Unearned revenue arises when resources are received by the CDA before it has legal claim to them, as when grant monies are received prior to the incurrence of qualifying expense. In subsequent periods, when revenue recognition criteria is met, or when the CDA has a legal claim to the resources, the liability for unearned revenue is removed from the statement of net position and revenue is recognized.

**9. *Compensated Absences***

The CDA reports all earned but unpaid compensated absences as a current liability on the statement of net position. The CDA records an expense to reflect the change in compensated absences earned and used during the year.

**10. *Net Position***

Net position represents the difference between assets and deferred outflows and liabilities. Net position is displayed in three components:

- a. Net investment in capital assets - Consists of capital assets, net of accumulated depreciation reduced by any outstanding debt attributable to acquire capital assets.
- b. Restricted net position - Consist of net position balances restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.
- c. Unrestricted net position - All other net position balances that does not meet the definition of "restricted" or "net investment in capital assets"

When both restricted and unrestricted resources are available for use, it is the CDA's policy to use restricted resources first, then unrestricted resources as they are needed.

**Note 6 - Detailed Notes**

**A. Deposits and Investments**

***Deposits***

Custodial credit risk for deposits and investments is the risk that in the event of a bank failure, the CDA's deposits may not be returned or the CDA will not be able to recover collateral securities in the possession of an outside party. In accordance with Minnesota statutes and as authorized by the Board, the CDA maintains deposits at those depository banks which are members of the Federal Reserve System.

Minnesota statutes require that all CDA deposits be protected by insurance, surety bond or collateral. The fair value of collateral pledged must equal 110 percent of the deposits not covered by insurance or bonds.

Authorized collateral in lieu of a corporate surety bond includes:

- United States government Treasury bills, Treasury notes, Treasury bonds;
- Issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government entity;
- General obligation securities of any state or local government with taxing powers which is rated "A" or better by a national bond rating service, or revenue obligation securities of any state or local government with taxing powers which is rated "AA" or better by a national bond rating service;
- General obligation securities of a local government with taxing powers may be pledged as collateral against funds deposited by that same local government entity;
- Irrevocable standby letters of credit issued by Federal Home Loan Banks to a municipality accompanied by written evidence that the bank's public debt is rated "AA" or better by Moody's Investors Service, Inc., or Standard & Poor's Corporation; and
- Time deposits that are fully insured by any federal agency.

Minnesota statutes require that all collateral shall be placed in safekeeping in a restricted account at a Federal Reserve Bank, or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral. The selection should be approved by the government entity.

At December 31, 2018, the CDA's carrying amount of deposits was \$6,336,795 and the bank balance was \$6,432,973, all of which was covered by federal depository insurance and by collateral held by the CDA's agent in the CDA's name.

(1) Ratings are provided by various credit rating agencies where applicable to indicate associated credit risk.

(2) Interest rate risk is disclosed using the segmented time distribution method.

N/A Indicates not applicable or available

A reconciliation of cash and temporary investments as shown on the statement of net position as of December 31, 2018 for the CDA follows:

Carrying amounts of deposits	\$ 6,336,795
Investments	7,154,787
Cash on hand	<u>1,350</u>
<b>Total</b>	<b><u>\$ 13,492,932</u></b>
Cash and pooled investments	
Cash-unrestricted	\$ 5,362,510

Investments-restricted	3,734,956
Investments-restricted for payment of current liability	<u>1,702,823</u>
<b>Total</b>	<b><u>\$ 13,492,932</u></b>

The investments are subject to the following risks:

*Credit Risk* - Credit risk is the risk that an issue or other counterparty to an investment will not fulfill it's obligations. Ratings provided by various credit rating agencies where applicable indicate associated credit risk. Minnesota statutes limit the CDA's investments.

*Custodial Credit Risk* - The risk that in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that is in possession of an outside party. The CDA limits it's exposure to custodial credit risk by purchasing insured or registered investments.

*Interest Rate Risk* - Using the segmented time distribution method, the interest rate risk of these investments varies as listed in the investment summaries.

*Concentration of Credit Risk* - The concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. In accordance with it's investment policy, the CDA will diversify use of investment instruments to avoid incurring unreasonable risks inherent in over-investing in specific instruments, individual financial institutions or maturities. The money market mutual funds are exempt from consideration of concentration of credit risk.

CARVER COUNTY  
CHASKA, MINNESOTA  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2018

**Note 7 - Other Information**

**A. Risk Management**

The CDA participates in the Minnesota Counties Insurance Trust public entity risk pool and is exposed to various risks of losses including general liability, property damage and employee bodily injury. The insurance coverage of this trust is considered to be adequate to cover unexpected claims against the CDA. The CDA retains the responsibility to cover any settlements exceeding the specific coverage. There was no reduction in coverage from the prior year and settlements have not exceeded insurance coverage in the past three years.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities, if any, include an amount for claims that have been incurred but not reported (IBNRs). The CDA's management is not aware of any incurred but not reported claims.

**B. Restricted Investments**

The bond indenture require the CDA to establish and maintain various trust funds related to construction of the projects, bond sinking and reserve funds, and operating reserve funds. Balances in the various funds are subject to increase or release based upon annual calculations.

**Note 8 - Capital Grant Program**

The CDA receives Capital Grant funds from HUD. The following schedule reconciles the grants with the current activity:

Grant number	Grant Year		
	MN46P21150116 2016	MN46P21150117 2017	MN46P21150118 2018
Funds Approved	\$ 77,541	\$ 77,767	\$ 120,966
Funds Expended	(77,541)	(77,767)	(120,966)
Excess of funds approved	\$ -	\$ -	\$ -
2018 Revenue	\$ 77,541	\$ 77,767	\$ 120,966

**Note 9 - Retirement Plan**

All permanent full-time employees of the CDA are eligible to participate in the Housing-Renewal and Local Agency Restated Retirement Plan (the Plan). The Plan is a defined contribution plan administered by a trustee. Employees under this Plan receive a pension based on the amount deposited in the Plan by the employee and employer and the amount of investment income earned. Therefore, the Plan is fully funded at all times.

Participating employees vest in the CDA's future and past service contributions based on each full year of continuous employment. Total payroll for employees covered by the Plan for the year ended December 31, 2018 and 2017, was \$1,615,388, and \$1,603,329, respectively.

The CDA made contributions into the Plan of \$165,646 and \$155,629 for the years ended December 31, 2018 and 2017, respectively. Pension expense is equal to contribution made.

As of December 31, 2018, the Plan held no securities issued by the CDA or other related parties.

**Note 10 - Joint Ventures**

The CDA and the City of Norwood Young America (City) entered into a joint powers agreement for the purpose of the redevelopment of approximately 4.5 acres known as the Oak Grove Dairy property. To the extent deemed necessary by the CDA, the Agencies shall enter into additional written agreements from time to time relating to specific activities. It is the intent of the parties that any governmentally owned housing development project would be developed, owned and operated by the CDA. The CDA and the City initially paid one-half the preliminary property acquisition costs and one-half on any cost of carrying the property following the acquisition. On December 15, 2016 the Joint Powers Agreement was amended to reflect the conveyance of the CDA's undivided 50% interest in the Commercial Parcels for a sum of \$260,000 and a final contribution to the CDA's bond obligation of \$45,000. Specific amendment of the language in Clause i. of Section 2.b eliminates references to the City's annual contribution of \$48,500, the pledge of net sale proceeds of the Commercial Parcels to the payments of Housing Bonds, and any payment to the City of surplus revenues generated by the Housing Parcel. Except as modified by this Amendment, the Joint Powers Agreement shall continue in full force and subject to the terms thereof.

CARVER COUNTY  
CHASKA, MINNESOTA  
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION  
DECEMBER 31, 2018

**I. Stewardship, compliance, and accountability**

**A. *Budgetary information***

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. Each appropriation lapses at the end of the fiscal year to the extent that it has not been expended.

The appropriated budget is prepared by fund, function, and department. The County's budgets may be amended or modified at any time by the County Board. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the department level. Adjustments to the approved budget, requested by originating departments, can be approved by the Property and Financial Services Director after review for adequate transfer of existing budget or addition of new revenue sources. All other changes greater than \$5,000 require board approval, and changes of \$5,000 or less require Property and Financial Services Director approval. The material supplemental budgetary appropriations changes were:

General Fund	\$ 4,343,696
Road & Bridge	(169,180)
Health & Human Services	118,324
	<u>\$ 4,292,840</u>

**B. *Excess of expenditures over appropriations***

For the year ended December 31, 2018 Courts exceeded appropriations in the General Fund by \$64,001. This is a result of an increased number and duration of both Civil Commitments and CHIPS cases during the year. Land Management exceeded appropriations by \$5,873 largely due to projections used to budget salary and benefits was lower than actual. Other exceeded appropriations by \$48,145, this relates to the unbudgeted portion of GERS pension expense from special funding.

In the Road and Bridge Special Revenue Fund, Administration exceeded appropriations by \$1,757, which is largely contributed to additional office furniture needs related to staff increases in 2018.

**C. *Other Post-Employment Benefits Funding Status***

In 2018, Carver County implemented Governmental Accounting Standards Board (GASB), Statement No. 74, Financial Reporting for Post Employment Benefit Plans Other Than Pension Plans and Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. In 2018, the County established an irrevocable trust, pursuant to MN Statutes, ch. 471.6175 to prefund a portion of the liability of the plan. These funds are reported in the Other Postemployment Benefits Trust Fund and are included in the actuarial valuation.

Employer Contributions to Other Postemployment Benefits

There have been changes to assumptions. From the January 1, 2017 valuation report. Discount rate was changed from 4.00% to 5.50%. The actuarial cost method was changed from projected unit credit to entry age.

Actuarially determined contribution rates are calculated as of the January 1, 2017 valuation date, measured at December 31, 2018.

CARVER COUNTY  
CHASKA, MINNESOTA  
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION  
DECEMBER 31, 2018

Methods and assumptions used to determine contribution rates:

Actuarial cost method:	Entry Age, level percentage of pay
Actuarial Assets	Trustee value as of the measurement date
Amorization of Deferred Resource Flows	Average of expected remaining service on a closed basis for differences between expected and actual experience and assumption changes. Closed five-year period for differences between expected and actual asset returns.
Inflation	2.50%
Healthcare cost trend rates	6.25% in 2018 grading to 5.00% over 5 years
Dental trend rates	4.00%
Investment rate of return	6.20% (net of investment expense)
Mortality	RP-2014 White Collar Mortality Tables with MP-2016 Generational Improvement Scale (with Blue Collar adjustment for Police and Fire Personnel)

**D. *Defined Benefit Pension Plans Changes in Significant Plan Provisions, Actuarial Methods and Assumptions***

The following changes were reflected in the valuation performed on behalf of the Public Employees Retirement Association for the year ended June 30:

General Employees Retirement Fund

2018

- The mortality projection scale was changed from MP-2015 to MP-2017.
- The assumed post-retirement benefit increase was changed from 1.0% per year through 2044 and 2.5% per year thereafter to 1.25% per year.

2017

- The Combined Service Annuity (CSA) loads were changed from 0.8% for active members and 60% for vested and non-vested deferred members. The revised CSA loads are now 0.0% for active member liability, 15.0% for vested deferred member liability and 3.0% for non-vested deferred member liability.
- The assumed post-retirement benefit increase rate was changed from 1.0% per year for all years to 1.0% per year through 2044 and 2.5 % per year thereafter.

2016

- The assumed post-retirement benefit increase rate was changed from 1.0% per year through 2035 and 2.5% per year thereafter to 1.0% per year for all future years.
- The assumed investment return was changed from 7.9% to 7.5%. The single discount rate was changed from 7.9% to 7.5%.
- Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth, and inflation were decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

Public Employees Police and Fire Fund

2018

- The mortality projection scale was changed from MP-2016 to MP-2017.
- As set by statute, the assumed post-retirement benefit increase was changed from 1.0% per year through 2064 and 2.5% per year thereafter to 1.0% per year for all years with no trigger.

2017

- Assumed salary increases were changed as recommended in the June 30, 2016 experience study. The net effect is proposed rates that average 0.34% lower than the previous rates.
- Assumed rates of retirement were changed, resulting in fewer retirements.

CARVER COUNTY  
CHASKA, MINNESOTA  
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION  
DECEMBER 31, 2018

- The Combined Service Annuity (CSA) load was 30% for vested and non-vested deferred members. The CSA has been changed to 33% for vested members and 2% for non-vested members.
- The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality tables assumed for healthy retirees.
- Assumed termination rates were decreased to 3.0% for the first three years of service. Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall.
- Assumed percentage of married female members was decreased from 65% to 60%.
- Assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females.
- The assumed percentage of female members electing Joint and Survivor annuities was increased.
- The assumed post-retirement benefit increase rate was changed from 1.00% for all years to 1.00% per year through 2064 and 2.50% thereafter.

2016

- The assumed post-retirement benefit increase rate was changed from 1.0% per year through 2037 and 2.5% thereafter to 1.0% per year for all future years.
- The assumed investment return was changed from 7.9% to 7.5%. The single discount rate changed from 7.9% to 5.6%.
- The assumed future salary increases, payroll growth, and inflation were decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

Public Employees Correctional Fund

2018

- The Single Discount Rate was changed from 5.96% per annum to 7.50% per annum.
- The mortality projection scale was changed from MP-2016 to MP-2017.
- The assumed post-retirement benefit increase was changed from 2.50% per year to 2.00% per year.

2017

- The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016 and is applied to healthy and disabled members. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the RP-2014 disabled annuitant mortality table (with future mortality improvement according to MP-2016).
- The Combined Service Annuity (CSA) load was 30% for vested and non-vested, deferred members. The CSA has been changed to 35% for vested members and 1% for non-vested members.
- The Single Discount Rate was changed from 5.31% per annum to 5.96% per annum.

2016

- The assumed investment return was changed from 7.9% to 7.5%. The single discount rate changed from 7.9% to 5.31%.
- The assumed future salary increases, payroll growth, and inflation were decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

CARVER COUNTY  
CHASKA, MINNESOTA  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
FOR THE YEAR ENDED DECEMBER 31, 2018

**I. Reporting Entity**

The Schedule of Expenditures of Federal Awards presents the activities of federal award programs expended by Carver County. Carver County's financial statements include the operations of the Carver County Community Development Agency (the CDA) component unit, which expended \$4,251,242 in federal awards during the year ended December 31, 2018, which are not included in the Schedule of Expenditures of Federal Awards. The CDA has its own single audit. The County's reporting entity is defined in Note 1 to the financial statements.

**II. Basis of Presentation**

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Carver County under programs of the federal government for the year ended December 31, 2018. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of Carver County, it is not intended to and does not present the financial position, changes in net position, or cash flows of Carver County.

**III. Summary of Significant Accounting Policies**

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments*, or the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Carver County has elected to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

(1) This amount includes fiscal disparities and any tax aid.

(2) The county receives market value credit from the state, which is included in the gross tax levy. During 2010 and 2011 market value credit was cut by \$714,517 and \$816,418, respectively. Since this money will not be collected, the certified tax levy was adjusted to account for this cut.

(3) These amounts include agricultural preserve and agricultural market value credits. This change was made during 2017.

(1) Direct debt includes all of the debt instruments related to the governmental activities (i.e., general obligation bonds payable, and loans payable). Underlying and Overlapping debt only includes those taxing jurisdictions with general obligation debt outstanding. Does not include non-general obligation debt, self-supporting general obligation revenue debt, short-term general obligation debt, or general obligation tax/aid anticipation certificates of indebtedness.

(2) Currently, the State of MN is paying approximately 3.83% of the principal and interest on the Eastern Carver County School District's general obligation bonds. Assuming this percentage continues for the life of the bonds, the State's proportionate share of principal is \$6,534,172.

(3) Currently, the State of Minnesota is paying approximately 7.56% of the principal and interest on the Belle Plaine School District's general obligation bonds. Assuming this percentage continues for the life of the bonds, the State's proportionate share of principal is \$2,120,958.

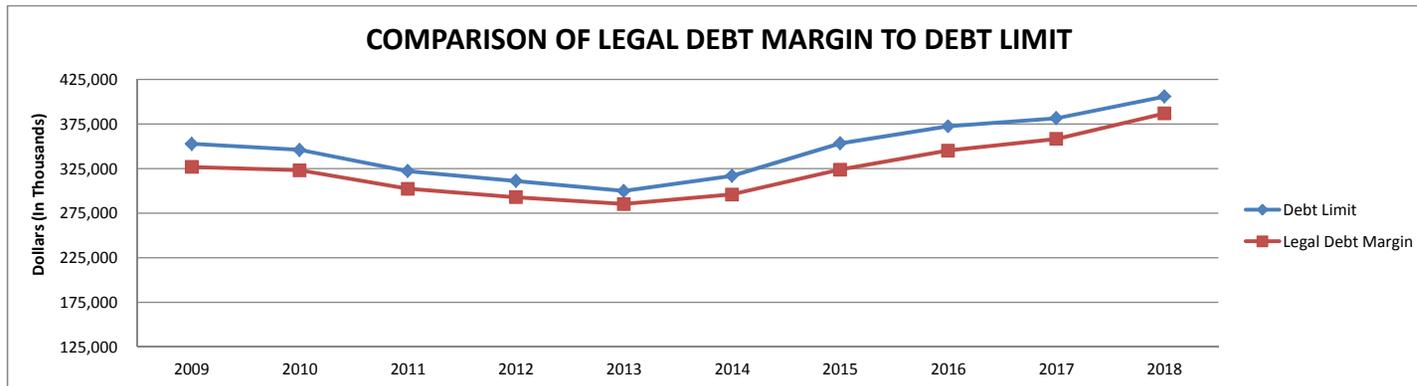

(4) The above includes all outstanding general obligation debt supported by taxes of the Metropolitan Council. The Council also has general obligation sewer revenue, wastewater revenue, and radio revenue bonds, and lease obligations outstanding all of which are supported entirely by revenues and have not been included in the Overlapping Debt or Debt Ratios sections.

**Note:** (1) Square feet of Building Space does not include leased space. (2) In 2008, personal property parcels combined with real property. (3) In 2009, there was an increase in Public Health Calls related to H1N1. (4) Inmate interactions transferred to the Sheriff's Office in April of 2009. (5) The number of Information & resources calls has increased from 2010, but due to changes in processing calls and the database used, the 2011 I&R number was lower than expected. (6) Electronic documents started being received in 2015, and began being broken out from total real estate documents processed in 2016.
