

S.H.O.C (Saving Hearts in Our Communities)

The S.H.O.C. program, which began in April of 2004, is a group of very dedicated individuals that joined together from the Carver County Emergency Medical Services Group. The group consists of members from Fire Departments, Ambulance services and Carver County Public Health Department.

SHOC Mission Statement is to Save Hearts in our Communities by increasing and improving awareness, access and use of AED's (Automatic External Defibrillators).
