HISTORY OF THE SAFETY PATROL/RESERVE UNIT

During the year 1955, Sheriff Lester W. Melchert fostered the idea that the existing peace officers in the area form a nucleus for an improved police force operating within the county.

In doing so, Sheriff Melchert set about to encourage local citizens of the county to join the new Carver County Sheriff's Safety Patrol. In time the Safety Patrol was renamed the Reserve Unit.

The major functions which the Reserve Unit are responsible for are; water patrol, ATV patrol, snowmobile patrol, security details, policing of the county fair, assisting with county emergencies, patrol shifts as needed, assisting at accidents, residential security checks, traffic control, severe weather emergencies and handling other non-violent police calls.

The Operations Division also assists the Reserve Administrative Division with community relations and the new TRIAD senior citizen program. The Operations Division is intended for members who have an interest in the more physical duties and activities of the Reserve Unit.
