

Highway 41/18 Project | Public Open House

Carver County is hosting a public information open house on the Lyman Boulevard Improvement Project, as noted below:

- Date:** Wednesday, August 29, 2018
- Location:** Chanhassen Recreation Center
- Address:** 2310 Coulter Boulevard, Chanhassen (East Side of Building)
- Time:** 3:30 - 5:30 PM, presentation 5 PM

This meeting is to provide an update to the public on the proposed project improvements along TH 41 and Lyman Boulevard. The project involves removing an outdated traffic signal at TH 41/Lyman Boulevard intersection and replacing it with a roundabout. Additional roundabouts will be built at the Peavey Road/Lyman Boulevard and Norex Drive/Lyman Boulevard intersections as well. The project will also include trail improvements throughout the Lyman Boulevard corridor and the full pavement reconstruction of Lyman Boulevard from TH 41 to Galpin Boulevard.

These proposed improvements will provide benefits to pavement condition, roadside infrastructure conditions, traveler safety, Twin Cities mobility, bicycle infrastructure, accessible pedestrian infrastructure, regional and community improvement priorities, and project delivery investments. Furthermore, the improvements will increase roadway capacity for future traffic volumes that are anticipated throughout the Lyman Boulevard corridor.

Today - August 29, 2018
