

Notes from the Field: Staff Clean-up @ Brickyard Clayhole

WMOAC Meeting September 29th, 2020

Carver County Water Management Organization is at Brickyard Clayhole.

September 11 at 9:16 AM · Chaska, MN · 🌐

Staff cleaned up an overwhelming and extremely disappointing amount of trash from Brickyard Clayhole yesterday. It's sad to think people still use our natural areas as dumping areas. Please remind your fellow citizens to be responsible with their unwanted items because the lake is much more beautiful without them. The many unique plants and animals that live here will thank you too.

Greg Swan
Thank you, staff, for cleaning this up! We appreciate you!
